MORE RAIN ON WAY IS FORECAST

J. Pluvius Lets His Batting Average Fall Below Par, But May Squeeze Out With Better Record On Easter

Almost Rainless March Gives Bad Outlook For Crops, But Weather Man Says Showers Due in 24 Hours

SAN FRANCISCO, March 31.—Noon reports at the Weather Bureau today forecast unsettled condition throughout the northern part of the state, with showers tonight and Sunday. Moderate southerly winds prevail. Reports from the San Joaquin region have not been received since early today, when the sky remained overcast and gave promise of an Easter rain.

With the dust of the severest drought for many years superficially dampened with a few drops of rain last night, local weather fans today got out their charts and pencils to figure up the score. The result shows that J. Pluvius has let his batting average drop 3.55 below normal and that, in a determined, ninth-inning effort to save his game, he promises through week-end rain to destroy a fine crop of Easter millinery, but not enough to save the grain and tomatoes.

Hitting a normal clip of 21.84 inches for a seasonal downpour, the rain man let his total of last year drop to 20.90, and to date this year the best he has been able to do is 18.29. And this latter figure includes the offering of last night, which amounted to about .05 inches for the bay district.

Although the weather fans are discouraged over the poor performance of the clouds, they are elated at a record being established in another department of the game. By a very slight evasion of the truth, they are able to proclaim that this district had not seen a drop of rain for 46 days until last night. Of course, there was a precipitation to the extent of .01 inches the night of March 2, but this is not generally known, and it is being generously ignored for the sake of a new record.

DRYEST MARCH IN 34 YEARS. Some of the more ambitious fans hoped that the rain would hold off for several days more, and then they could boast of a rainless March, a thing this country has never known. As it is, they are satisfied with the severest drought in 34 years.

Hopes that the drought which has threatened heavy losses to farmers in California may be broken were held out today when light showers were reported from many parts of Northern California. The Weather Bureau predicted showers during the next 24 hours, with southerly winds.

Stockton reports show that the farmers of that district are not greatly encouraged by the promised rainfall. Light rain began falling there at 5 o'clock this morning, breaking a 55-day drought and the worst season of the kind in 35 years. Insufficient rain fell there to do any material good, reports say, but the sky remains overcast. Farmers say the report will not amount to much unless there is a sudden shift of the wind to the south.

Clothes or Husband?

LONDON, March 31.—"The woman who spends every cent she can get of her husband's money for clothes is an embezzler," said Mrs. Wilson Woodrow, the author of Mrs. J. V. Nash of London, whose husband has just been granted a divorce.

Mrs. Nash's ambition was to become "the best-dressed woman in London," her husband declared. The judge, in granting the decree, scored Mrs. Nash for her extravagance, declaring women who lived only for vanity's sake to be a menace.

But the unkindest cut of all was contained in a London society editor's column, which said: "The pity of it is that Mrs. Nash aspired to be known as the 'best-dressed woman in London' and that London society did not even know she existed."

HART GAVE TRUST FUND FOR CHILD

L. A. District Attorney Says Movie Actor Settled Case With Girl Accuser.

(By the Associated Press) DENVER, Colo., March 31.—William H. Hart, two-gun man of the movies, despite his emphatic denials, made a \$50 a month trust fund for a child, alleged by his mother to be Hart's Thomas Lee Woolwine, district attorney of Los Angeles, Calif., declared in a statement here today, following his own investigation of the case with a view to bringing criminal proceedings. The settlement was made after the woman had engaged an attorney to bring a civil suit, Woolwine said.

"The case first came to my attention in December, 1918," Woolwine stated. "The woman with the baby came to my office, declaring Hart was the father and that he had refused to see her. You know we have a statute compelling a father to support his children, whether legitimate or lawful, and I took an interest in her story. She gave me her version of the whole case."

"Of course, it is necessary to hear both sides of any matter before taking action, so I summoned the actor to my office and conducted an investigation. Hart denied everything; denied it with emphasis. 'I had a transcript made of the woman's declarations. It was a lengthy document, telling in detail the circumstances of her meeting the actor, the subsequent alleged intimacy and the birth of her child in New York City.' 'Preparations were being made to take criminal action against the movie man when the woman employed an attorney and made ready to take civil action. Then I was informed that the case had been settled out of court, that Hart had made a trust of \$50 a month for the support of the child.' 'So far as I know Hart never admitted parentage of the child.'"

HOLLYWOOD, March 31.—William H. Hart, when shown the statement accredited to District Attorney Thomas Lee Woolwine, read it carefully, but refused to make any comment.

WASHINGTON, March 31.—Secretary Weeks has ordered a probe in the controversy between Colonel Arthur J. Younger, commanding the 20th U. S. Infantry in Texas, and Captain Edwin H. Randle, of the same organization.

ONE OF LOST BOYS VICTIM OF MURDER

Undertaker Finds Younger Lad Was Drowned Before His Body Was Thrust Into the Box With Companion

Says Pint of Water Was in Lungs: Police on Trail of Suspect: Accident Theory Now Believed Impossible

SAN BERNARDINO, March 31.—Denn Meecham, 4, who with "Dicky" Jensen, 6, was found smothered in a wooden box in the store room after half the populace of San Bernardino had for six days conducted the greatest search ever made in California, was drowned and then placed in the death crypt, it was revealed today.

The discovery was made by Harold D. Shaw, undertaker. The undertaker found near a pint of water in the youngster's lungs, he told the police, indicating the lad had been drowned and had not died from suffocation in the box tomb where his body was found.

Police immediately reconstructed their previous investigation and declared Meecham was probably drowned by a friend, who then stuffed the cries of Dicky, reported him in the store room with the body of the other boy and stuffed them through the doorway into the box, smothering the lock.

It was learned this afternoon that a suspect was being trailed by officers who may arrest him within a few hours. In event he is captured he will be rushed to a place of safe keeping before the news of his arrest is made public, officers stated, as the people here have been aroused and lynching is feared.

In attempting to establish the exact time the boys were placed in the box, the police learned from J. A. Agassir, who lives above the room where the bodies were found, that he was disturbed last Tuesday night and again Wednesday by unusual noises in the room below. He did not investigate the noise nor tell the police, thinking it perhaps was rats.

The two boys were found in a showcase in a building under construction a short distance from the Jensen home. It closed with a spring catch which was so difficult to close that officers said they doubted that the boys could have operated it from inside the box. On the other hand, the bruises on the bodies, it was said, might have been caused by efforts of the children to release themselves.

YOUNGER BOY HAD BEEN DEAD TWO DAYS. Dean had been dead at least 48 hours when the discovery was made by Patrolman Manuel Joseph. The building had been searched several times for the boy, but searchers overlooked the box. Officers say they considered it significant, however, that no one heard any sound when the bodies were placed in the box.

The first establishments to be examined, it was indicated, are those in the district comprising western states, including the Livermore project near Oakland. The director said that before any bids for the Livermore hospital are set upon he will confer with the hospitalization board concerning the adequacy of facilities on which the bids were made. The same policy will be followed with regard to all new construction.

McAdoo Ready to Support Wilson Man

DENVER, March 31.—William G. McAdoo, former secretary of the treasury, and Woodrow Wilson, former president of the United States, came nearer accord on the Colorado United States senatorship today when McAdoo telegraphed Governor Sweet that he had been authorized by the president to support Wilson.

British Official Stabbed to Death At Naples and Wife Wounded.

LONDON, March 31.—(By United Press.)—The British vice-consul at Naples, Robert Goldie, was stabbed to death and his wife wounded by an unidentified assailant, who escaped, according to a Central News despatch today.

Goldie and his wife were on their way to visit a grotto when they were attacked.

GIANT U. S. BLIMP TO CARRY PLANES

Ship Will Permit Launching and Landing of Heavier Than Air Fighters.

By HARRY L. ROGERS, International News Service Staff Correspondent.

WASHINGTON, March 31.—The giant airship now being constructed at Akron, Ohio, for the army air service, will be used as an airborne carrier, it was learned officially today.

Plans are now under way for equipping the airship, which will be the largest semi-rigid in the world, with twelve small fighting planes, which will be able not only to "take off" from the airship, but also to effect a landing on the airship while it is in motion.

The giant semi-rigid ship is one of three ordered by the war department more than a year ago. One of these, the CT-1, has just successfully passed some of her preliminary tests and soon will undertake a trial flight from Akron to Niagara Falls and return.

The CT-1, however, is much smaller than the ship which is to be used as an airborne carrier. This craft will not be completed until about September 1.

Though of slightly less capacity than the Roma, the new airship will have a greater lifting power, experts assert, and greater speed. She also will be safer than the Roma, not only because she will be equipped for inflation with helium, which is not inflammable, but also because the engineers have profited by the lessons learned from study of the weakness of construction in the Roma.

War Contract Probe Evidence Burns

WASHINGTON, March 31.—(By United Press.)—War contract records of vital importance in connection with Federal investigations of alleged war frauds were destroyed by a fire which burned two buildings at Bolling field air station here today.

Evidence contained in these records will be impossible to duplicate, air service officers said.

WASHINGTON, March 31.—(By the Associated Press.)—The photographic laboratory, a hangar and two airplanes were destroyed in a fire today at Bolling field. None of the personnel was seriously injured.

MACHINE GUN VOLLEYS SLAY GERMAN WORKERS IN KRUPP PLANT CLASH

French Troops Resisted in Raid Open Fire on Crowds; Six Are Killed and Twenty Wounded

RUHR TRAINS CRASH; 11 DIE

BY UNITED PRESS. LEASED WIRE TO TRIBUNE.

BERLIN, March 31.—Eleven persons, including six Germans, were killed today in a crash of trains operated by French engineers in the Ruhr, according to the Frankfurter Zeitung's Gerolstein correspondent.

BERLIN, March 31.—(United Press.)—Six Germans were killed and twenty wounded when French troops at the Krupp works near Essen turned machine guns on workers today, according to a special report to the Lokal Anzeiger.

The French were attempting to confiscate automobiles at the Krupp plant, according to the report, and the workers resisted. The troops opened fire, raking the ranks of the workers with machine gun bullets.

Vatican Denies Intervention in Ruhr Situation

ROME, March 31.—(By Associated Press.)—The Vatican today issued a categorical denial that Pope Pius had taken any steps to intervene in the Ruhr situation, "because such a rumor is destitute of any truth."

DELAY ON PRIEST'S DEATH SENTENCE

Vicar General Butchkavitch Not Executed Up to 5 O'Clock: More Appeals.

MOSCOW, March 31.—(By the Associated Press.)—A p. m.—The death sentence imposed on Vicar General Butchkavitch, a communication of which was denied by the central executive committee, has not yet been carried out, it was said at 5 o'clock this afternoon.

Appeals have been made to the foreign office by the heads of the Polish, British, Czechoslovak and Italian missions.

Under ordinary circumstances, when clemency is refused an execution is carried out within a few hours. Whether the central executive committee met again yesterday to reconsider its decision in view of the many verbal appeals could not be ascertained officially this morning.

Father Walsh, representative of the Catholic Welfare Board, told the correspondent he had no answer to his request to be allowed to administer the last sacrament to Monsignor Butchkavitch.

The foreign legations which asked that clemency be granted to the priest were without information as to whether he had been executed.

New Cardinals Not Likely at Present

ROME, March 31.—(By Associated Press.)—In response to queries as to whether Pope Pius plans to create more new cardinals, including perhaps one or more Americans, a Vatican official said today:

"The trouble began when French armored cars, bearing machine guns, entered the garage where the motor lorries of the Krupp works are kept. When the report was circulated that the garage workers quit and swarmed around the building, shouting imprecations and jeering at the French. Some of the Germans climbed aboard motor trucks and opened wide the streets. The fire and excitement was terrific. After a two-hour stay, the French departed. As they left, the Germans swarmed around them with

Gen. Goethals Says People Are Gouged

BY ASSOCIATED PRESS. LEASED WIRE TO TRIBUNE.

NEW YORK, March 31.—General George Goethals, whose office of state fuel administrator becomes non-existent at midnight, declared today that the people of the United States have been "gouged" and have suffered from unequal division of fuel supplies because there was not enough courage in official Washington to dictate to the coal barons of Pennsylvania.

Training in Home Care Is Given Women

By EDNA B. KINARD.

To women—whether young or old—is being offered unusual advantage to prepare themselves in meeting the emergencies of life by attending the home care training course, which is being given in room 228, Technical High School, to groups of those who have a thought toward their own family circle or who are looking toward preparation for some calling bringing economic independence.

Approximately 800 students have completed the courses which have been given under the joint auspices of the Red Cross and board of education since June, 1917. Many of the women have taken the work for use in their own households and individual life. A goodly proportion have used the knowledge gained to obtain remunerative positions. For some the certificate has opened the path to higher training.

New classes are being organized in Oakland Technical high school next week. Instruction will be given in both home care of the sick and first aid by physicians and trained nurses particularly fitted as teachers. On Monday and Wednesday evenings those desiring training in home care will meet, the Tuesday and Thursday sessions being given over to emergency work. Students will assemble at 7:15 p. m. Registration should be made promptly. Lectures, class discussions, demonstrations and practice on the part of the student are combined in the short courses.

Lakeview club has given over its April program on Monday to a literary section. Mrs. D. H. Cockerton, curate. Members will be offered an opportunity not only to show the papers they possess, but to exhibit the work which has been done during the year by this study group.

The life of Tolstoy will be reviewed by Mrs. Gilbert Oakley. Miss Wilhelmina Upton and Miss Katherine Yetter have been assigned "Anna Karenina." Compton Mackenzie's "Seven Ages of Women" will be presented by Mrs. Gladys Jones.

Mrs. McLean Minor will receive the guests, assisted by Mrs. W. H. Bingham, Mrs. J. E. Herrin, Mrs. George C. Robb, Mrs. Hart Smith. Presiding at the tea tables will be Mrs. A. W. Rieber, Mrs. R. W. Trower, Mrs. F. E. Stone, Mrs. Robert Strehlow, Mrs. M. L. Wright, Mrs. A. A. Alexander, Mrs. F. K. McNeil.

The program will be preceded by a business meeting over which Mrs. W. W. Dennis, president, will preside. Members of the nominating committee which will present the official ticket to the annual meeting of the club will be elected.

Brides-elect To Be Honored At Parties

One of the interesting bridge teas of this afternoon was that given by Miss Rowena Turner at her home in Berkeley, the hostess honoring a bride-elect, Miss Gertrude Seaver, betrothed of Carl Ames Bachelder. Guests came from both sides of the bay and a profusion of delicate spring blossoms made the living rooms unusually attractive.

This evening one hundred and fifty guests are to be entertained at the home of Mrs. E. M. Norton who is entertaining in honor of her daughter, Miss Marion Norton. Miss Marion Norton is a member of the Pi Beta Phi sorority. A buffet supper will be served.

LUNCHEON FOR MISS HARRIS. Miss Alice E. Harris is to be the guest of honor April 14, when Miss Dorothy and Miss Georgia Clarke of Berkeley will entertain at luncheon at their home in the college city. Miss Harris is the fiancée of William Porterfield Crandall and is the daughter of Mrs. Isaac Walton Harris of Berkeley. She is a member of the Delta Delta Delta sorority at the University of California.

Mrs. Horace Meek entertained at luncheon today at the Sequoyah Country Club for a dozen intimate friends who were bidden to meet Mrs. John Doughty who is soon to leave for the Orient to make her home.

Mr. and Mrs. Mortenson left for their home at Klamath Falls yesterday, having just returned from a trip abroad. While in the bay region they were dinner guests of Mr. and Mrs. Robert Augustus Bray of Piedmont and Thursday afternoon Mrs. Oscar Suro was a luncheon hostess for the matron.

Mr. and Mrs. Frank Roller will entertain guests tomorrow evening at their home in East Oakland in honor of Dr. John G. Mrs. Frank W. Hart, president, invites all visiting or unaffiliated members to attend. Reservations may be made through Mrs. Dudley Clarke (Charlie Faxon), 1524 Arch street, or Miss Ethel Rose Taylor, 2815 Channing way, both of Berkeley.

Kappa Alpha Theta is one of the oldest national college women's sororities and San Francisco chapter has done something unique in maintaining in Berkeley during the past few years a Theta Centre, which has served as a home for alumnae and headquarters for visiting members of the organization, no longer connected with college chapters.

PREPARATION FOR NEW KAHN STORE BEGINS SUNDAY

Old Buildings Will Come Down For Fine New 6-Story Annex.

Destruction of a number of old buildings at the corner of Sixteenth street and Telegraph avenue will commence tomorrow, preparatory to the erection of the new six-story annex to the store of Kahn Bros., it was announced today.

Work on the new structure will begin within six days, as the wreckers have been allowed just that time to clear away the old buildings. Plans call for the completion of the building before October 14 of this year.

The new Kahn building marks one of the latest improvements to be added to the Oakland business district. The present store, one of the largest mercantile establishments in the West, is four stories and basement in height. The 100 by 100-foot additional will be six stories high. It will be of fireproof construction of mixed terra-cotta and brick. The top four stories and part of the main floor will be occupied by Kahn's.

Announcement is also made of various improvements to be made in the main building, beginning in April. Three new elevators are to be installed, making in all a battery of six.

The additions to the store come within nine years of the erection of the original building. In that space of time, the business has grown to such proportions that the initial spacious building is inadequate for present day needs.

Luncheon Clubs Aid Good Will Contest

The Good Will Contest, inaugurated by W. C. Durant in behalf of the American Committee for Devastated France, is gaining momentum. The message was presented before two more luncheon clubs yesterday—the High Twelve and the Hundred Per Cent club.

The members pledged themselves to do all they could to elect Miss Helen M. Heckell, Pacific coast candidate in the Good Will Contest, the prize being a trip to France and the devastated war area this summer.

Miss Heckell has been in the employ of the Durant Motor company for more than six years and is at present private secretary to R. C. (Cliff) Durant. The Good Will Contest is a nation-wide event. W. C. Durant has pledged his automobile industry to aid in the cause.

INTERNAL WAR IN NOVEMBER MAY CAUSE SHAKE-UP

Rutter Admits That Recent Beatings in S. F. May Force Change.

SAN FRANCISCO, March 31.—Discovery of an alleged internal war among local dry agents is likely to result in a "shake-up" and complete reorganization of the personnel of San Francisco prohibition headquarters, according to an announcement made by Samuel F. Rutter, prohibition enforcement director.

Rutter is engaged today in a searching investigation into the causes of a feud that is said to exist among his men, and which, it is declared, has broken out twice recently in violent form. One of these occasions, according to Rutter, involved the beating administered Thursday to Clarence Lewis, steward of the Peerless Club, by two members of a "dry" raiding party, which was stopped only by threats on the part of two other "dry" agents against their companions.

The other case cited by Rutter was that of William G. Grogan, a negro employed in a Jackson street resort, who, according to Rutter, is in such a physical condition that he has not yet been able to appear in court. He is under the care of Dr. T. C. Shet.

According to Rutter, both these beatings grew out of a feud between members of the raiding parties themselves. He said he proposed to investigate the matter thoroughly and to place his findings before Commissioner of Prohibition Roy Haynes in Washington, D. C.

Rutter's investigation, it is expected, will be accompanied by an independent one conducted by the federal grand jury into the methods employed by local "dry" agents in conducting raids.

"Billy" Delaney's Widow Dies Here

Mrs. Jessie Delaney, widow of William F. Delaney, well known sportsman and prize fight trainer, died at her home in Fourth avenue yesterday after being an invalid for seven years. Funeral services have been arranged for Monday afternoon from a private chapel.

Coming to Oakland in the early seventies from New York, the Delaneys were identified with the early history of the city. "Billy" Delaney came into prominence as the trainer of James J. Corbett when he defeated John L. Sullivan for the championship, and of Jim Jeffries when he defeated Bob Fitzsimmons. Mrs. Delaney was a sister-in-law of First Chief Sam Short. She is survived by no near relatives. She was 59 years old.

NO IT ISN'T A BAKER'S OVEN—The bars are real silver. This still is from "A Trip Through Filmland." Three tons of pure silver bullion a week—one-twelfth the product of the mines in the United States—goes into the sensitizing of film and other products at Kodak Park, Rochester, New York.

POLA POUNDS PIANO—Pola Negri, star in Paramount pictures, at the piano in the music room of the home she recently leased in Hollywood. She has been practicing music since coming to the United States in her first American picture, "Papa's Girl," produced by George Fitzmaurice.

EINSTEIN OUT-EINSTEINS HIMSELF—Prof. Albert Einstein, eminent German scientist, who claims to have discovered a new theory surpassing that of relativity. Although he withholds the details of the discovery, he states that it concerns the connection between the earth's power of attraction and terrestrial magnetism. Prof. Einstein is now visiting in Egypt after resigning from the League of Nations on pacifist grounds.

Uncle Wiggly

Howard R. Garis

UNCLE WIGGLY'S APRIL FOOL.

Uncle Wiggly looked carefully over the table as he came down to breakfast in his hollow stump bungalow one morning. The bunny gentleman daintily tasted a little bit of the white stuff in the sugar bowl before he put any in his carrot coffee.

"What's the matter?" asked Nurse Jane Fuzzy Wuzzy in surprise. "I thought may be it was salt instead of sugar," answered Uncle Wiggly.

"Why in the world should I put salt in the sugar bowl, pray tell me?" asked the muskrat lady housekeeper.

"On account of April Fool," replied Uncle Wiggly, with a funny little twinkle in his pink nose. "Of course, it isn't exactly April Fool's day, but it will be tomorrow, and—"

"Nonsense!" exclaimed Nurse Jane. "As if I had to bother with such silly stuff. Behave yourself, Wiggly!" But all the same, when a little later Uncle Wiggly called:

"Nurse Jane! Come and see your friend Mrs. Twistytail, the lady pig. I think she's coming here!"

A big paw reached over his shoulder.

here!" Nurse Jane was thinking so much about the day of jokes that she asked:

"You're not April Fooling me, are you?"

"Of course, I wouldn't do such a thing!" answered the bunny. And it was Mrs. Twistytail all right.

Uncle Wiggly was thinking so much about April Fool and the tricks the animal children might play on him that he was very careful when he went out a little later. He heard a voice behind him calling:

"Oh, Uncle Wiggly! What's on your coat?"

"Ha! Ha! Billie Bushytail!" laughed the rabbit gentleman, for he saw it was the squirrel boy calling. "You needn't think you can April Fool me. I know what is on my coat—buttons, of course!"

"No, honestly, there's a big white piece of cloth on the back of your coat, Uncle Wiggly," chattered Billie. "Here, I'll take it off!"

And really the cloth was there, looking rather odd. Nurse Jane had sewed a button on Uncle Wiggly's coat just before he went out, and the cloth, from her work basket, caught on the button and was pulled by mistake. So it wasn't an April Fool joke after all.

"Thank you, Billie," said the bunny gentleman; "here's a penny."

Then the squirrel boy was glad he hadn't played a joke on Uncle Wiggly as he intended to. The rabbit gentleman hopped on a bit farther and met Uncle Butter, the goat.

"Here's something for you to take to Nurse Jane," said Uncle Butter to Uncle Wiggly, handing the rabbit a box.

"Ah, April Fool, I suppose," said the bunny with a sly look. "Uncle Butter, I hardly know you. Uncle Butter, my wife, Aunt Lettie, is sending it to Nurse Jane. I hardly think it is April Fool, though."

"Well, all right," said Uncle Wiggly doubtfully. "But I must be very careful. What's what's in that box?" he thought, as he looked at the paper in which it was wrapped. "I'll tear a little hole in and look. It would never do to April Fool Nurse Jane."

When Uncle Wiggly tore off a little of the wrapping paper, he saw the word EARS on the box.

"Oh, it is an April Fool!" thought the bunny. "I don't know whether to give it to Nurse Jane or not. How can ears be in that box?" he wondered.

Just then there was a black shadow behind Uncle Wiggly and a big paw reached over his shoulder, taking away the box Uncle Butter had given him, while a

"I'll take those Ears are what I want. I suppose you put your ears in that box to April Fool me, Uncle Wiggly! But you can't. I'll take them!" And the Bob Cat reached over and snatched away the box. Uncle Wiggly was much surprised, but while the Bob Cat was opening the box, hoping to get ears to nibble, the bunny gentleman ran away. And when the Bob Cat had taken off all the paper on the box what do you suppose he found inside?

Not Uncle Wiggly's ears, of course, for they were safely under the bunny's tail all right. But in the box was a pair of SHEARS. Wasn't that funny? The first two letters of the name were covered, making it look like EARS.

"Fooled again!" howled the Bob Cat, as he stuck himself on the pointed shears which Aunt Lettie had sent to Nurse Jane. "Fooled again!"

"And a good April Fool, too!" laughed Uncle Wiggly. "A good April Fool!" Then Uncle Wiggly played some tricks on the animal boys and girls and they all played some on him and they all had fun.

And if the chair doesn't try to stand on one leg and dance with the other three on top of the dining room table, I'll tell you next about Uncle Wiggly and the April Fool.

MEANING OF UNREST.

Discontent is a potent factor in progress. Mr. Ford has said that more men are ruined by small successes than by failure.

When we arrive at a goal, we don't. It has moved on. To be thoroughly satisfied with our attainments in art, morals, religion is to cross the dead line, whether our years be twenty or fifty.

A boy whose mother had gone down town was being amused by his nurse. She offered him marbles, but he did not want marbles; then toys; then picture books; then some sweet things to eat. But none of these would satisfy. He said:

"I want muver." Pleasures, money, things, nothing finite, will satisfy the longing of an infinite soul.

There has been recently an epidemic of suicide among wealthy people. Mr. Carnegie used to say that millionaires rarely laugh.

The social unrest of today is the urge of democracy upward. Nothing is settled until it is settled right, and discontent will lash us into social improvement until all men are become capitalists of the spirit and realize that "life does not consist in the abundance of THINGS he possesses."

(This will conclude Dr. Klotz's series of talks until his return from Europe)

WHEN old Mr. Gurgie Gurgie brought the Geewhiller to carry Betsy Bonnet String home for him, he forgot to tell the Geewhiller that Grampy Hoppytoad was with Betsy Bonnet String and the Raggedy. So, when the Geewhiller started to eat the Flower Fairies, Grampy Hoppytoad bit him right on the heel. Geewhiller has very tender heels and it made him hop around when Grampy Hoppytoad bit him. And the more he hopped, the madder the Geewhiller grew at old Mr. Gurgie Gurgie, the bottle imp, until finally the Geewhiller chased the bottle imp home.

The bottle imp slammed the door in the Geewhiller's face and cried, "Ha, ha, he, he! Can't catch a flea!"

"Just you wait!" the Geewhiller replied. "I'll catch you on the way home from school! Then, you'd better look out!"

This made the bottle imp sorry for himself, for he knew the Geewhiller meant what he said. "Oh, tell you what let's do!" the bottle imp said to the Geewhiller.

"What?" the Geewhiller asked, for he was half way fooling when he promised to catch the bottle imp on the way home from school.

"Well, you see, the Geewhiller was afraid of the bottle imp again.

"Let's go partnership!" the bottle imp said as he opened the door. "We'll catch Betsy Bonnet String and make her shake the magic apron until she shakes out about a million cream puffs, then we'll sit down and eat them all up!"

"Yes, and get a stomach ache!" the Geewhiller said. "Anyone who can eat a million cream puffs is a million cream puffs is a pig!"

"You can eat a pig out of yourself, you get the stomach ache every time!"

The bottle imp thought a while then he said, "Well, if you do not wish to get the stomach ache, we can get the million cream puffs, you can eat a hundred and I will eat all the rest!"

"Ha! Then you would be getting the best of it!" the Geewhiller cried. "I'll let you have one hundred and I'll eat the rest!"

"No, you won't!" the bottle imp cried. "You can only have one hundred!"

"I tell you I shall eat them all!" the Geewhiller howled.

"Never!" the bottle imp howled as loud as the Geewhiller.

"Now just for that!" the Geewhiller cried as the bottle imp gave him a push. "You can't have a single cream puff!"

"And just for that!" the bottle imp howled as the Geewhiller gave him a push. "I shall keep them all!"

"Give me all of them!" the Geewhiller and the bottle imp howled.

Cupid and Coats

TODAY'S SHORT STORY BY Ad Schuster

TO Maizie Long the fine coat in the window at the Enterprize Store was the most important thing in life. She passed it twice a day on her way to work and returning, and each time she was happy to see that no one had taken it away.

Maizie thought of the two dollars she saved, of the money which would be due for her room and board, and passed by. Maybe no one would buy the coat and the price might come down. After a while, by paying a little down, she might buy it.

Sooner or later someone would buy that coat. Maizie knew it. She went into the store, and she would sell it to me. "If you would sell it to me," she proposed timidly, "I would be able to make the first payment in one week and after that two dollars a week."

The proprietor of the store looked at her over his spectacles. "If I sell people garments without any money in hand I lose money. That is a

good coat for which I can get cash." He shook his head solemnly and continued to shake it as Maizie backed out.

In a law office across the street Bert Wishy knew at just what hour Maizie passed each day, and was ready to watch. When she took to stopping in front of the coat he read the story in her wistful glance and in the worn coat she was wearing.

"That isn't the way of things," he mumbled. "There is a girl, the girl I would give a lot to know, wishing with all her might for the price of a coat. Now, if I were to offer it to her she'd be insulted, and yet we both, by rights, should be made happy. If there was only some way I could get to know her."

The proprietor of the Enterprize Store looked out of the door and Maizie, catching his eye, blushed and hastened on. "Business is business," said the merchant, "and yet I've got to mark that coat down if I'm going to sell it. He went to his cash drawer and let the coins in each compartment drop through his fingers. Then he looked into his ledger.

"Anyhow," the storekeeper said, "what is a coat? I can do business without a coat."

Next day the merchant stood in his door looking for Maizie. "Miss, if you please, will you step in and look at that coat. It's fixed up now, I am able to let you have it."

Maizie, wondering at the change in her fortunes, carried the coat home and put it on in front of her mirror. She had been right all the time, she decided, the garment was made for her. For a week she cut her lunch and dinner allowance. Then she called at the Enterprize.

"But I thought," said the merchant, "you understood. The coat was a bargain. I told you no pay."

Before the girl's troubled face the merchant qualified. "I can't accept it," she said, "and yet I have worn it. You should have told me. You had no right to give it to me and I insist on paying."

"Don't you see, I didn't say I gave it to you. It is a gift, that is all I say. I can't take the money when maybe somebody has paid me already. The merchant was smiling. "You will have to tell me who bought it. Don't you see it is most important? You must!"

Maizie was angry and near to tears. "You will have to tell me who bought it. Don't you see it is most important? You must!"

My Marriage Problems

Katie Garrison's New Phase Of Revelations of a Wife

The Funny Disclosure Katie Made to Maizie.

With my hand outstretched to knock upon Katie's door, I paused and stiffened in surprise at the weird sounds which came from within the room. A queer shuffling noise, punctuated by an occasional explosive stamp, was accompanied by an eerie, unmusical murmur, which, after a minute of uncertainty, I decided was made by Katie's voice. It was more reminiscent of the keening of bagpipes than anything else I could call to mind, and for two or three seconds I stood curiously wondering what my volatile little maid was doing.

Then, with a straining remembrance of my errand, I knocked peremptorily. The queer noises stopped instantly, but I could hear a long-drawn sibilant breath—Katie's invariable signal of fright.

"This! Let me in, please!" I wished to speak to you. I spoke quickly in order to reassure her, but it was several seconds before she answered, and I was as sure that she was still standing motionless and frightened as if I had the power to see through the barred door.

"VOY YOU VANT?"

When at last she spoke there was a distinct tremor of alarm in her voice.

"Voy you vant? Me, I feel for my bed already. Can you no tell me where my coat is?"

Katie is never rude except when her temper runs away with her, and I knew by her intonations that she was not angry, so this unusual impertinence puzzled and alarmed me.

EASTER SUNRISE SERVICE WILL BE GIVEN BY RADIO

The Tribune Completes Arrangements For Broadcasting of Program.

Preparations were completed today for the broadcasting of The Tribune's Easter sunrise service tomorrow morning, beginning at 7:30 o'clock. The service, which will include singing and instrumental music, will last until 7 o'clock.

One of the artists who will appear on the program will be Lowell Redfield, well-known baritone, who is scheduled to broadcast a concert from The Tribune's station, KLM, next Tuesday evening.

DR. SULLIVAN TO SPEAK
Dr. William Lawrence Sullivan, of New York, head of the Unitarian Freeing Mission, and one of the most able speakers in the Unitarian church, will deliver the special Easter sermon. Dr. Sullivan was secured through the co-operation of Rev. Clarence Reed of Oakland.

The "where - call - and - water - meets" bell in the KLM tower will ring for five minutes preceding the service, which will begin promptly at 7:30.

This will be the third Easter sunrise service to be broadcast from The Tribune's radio station.

ONLY ONE OTHER.
The only other Easter sunrise service to be broadcast by radio will be from Radio KDKA, the Westinghouse station in East Pittsburgh, Pa., from the Calvary Episcopal church. The broadcast there early tomorrow morning will be heard here at about 2:45 a. m.

Pacific coast fans who hear the broadcast are requested to wire reports collect to J. C. McQuiston, Westinghouse Electric company, East Pittsburgh, Pa. The program will include chimes.

RIOTING MARKS CLASH OVER PAY

PARIS, March 31.—Scenes of violence inside and outside the city hall last evening marked the debate on the demands of the municipal workers for higher wages. Seven communist councillors tried to capture the voting urns when a question of closure was put to a vote. Ten minutes of free-for-all fighting ensued, but eventually a compromise was effected whereby the wages of the lower classifications will be increased at a cost of 12,000,000 francs to the taxpayers. Outside the hall several thousand workers held a demonstration. They were dispersed only when a squadron of mounted police charged. Several persons, most of whom were policemen, were slightly hurt.

BAKER-WHITE NUPTIALS
RICHMOND, March 31.—Paula Carol Baker, daughter of Mr. and Mrs. F. Baker, will be married to Jesse Elwood White at the home of the bride's parents, 1406 Bissell avenue, this evening. The ceremony will be performed by Dr. Frank Baker, of Wesley Methodist church.

NAVY TO CLOSE RADIO STATION AT GOAT ISLAND

New Apparatus in S. F. Building to Be Installed As Receiving Point.

SAN FRANCISCO, March 31.—Goat Island is to be abandoned as a receiving site for the navy's system of radio communication on this coast. Most of the apparatus is obsolete. New apparatus, forming a gigantic and elaborate receiving station, will be installed in San Francisco on the fourth floor of the Appraiser's building at Washington and Sansome streets.

The new station will be used for the reception of messages only, it having been found that greater success is attained where a receiving station operates separately from that of a transmitting station. The plans call for all messages to be sent from Mare Island, while all incoming messages will be received through the present towers in South San Francisco and the new station in the Appraiser's building operating in conjunction.

Fifteen operators will be employed at the receiving station to take messages over a leased wire from the towers in South San Francisco, where five operators will be constantly listening in on all wave lengths. When naval messages are sent the operators in the Appraiser's building will be connected with Mare Island through a leased wire.

The new station will be capable of receiving messages up to a wave length of 35,000 meters, and will be the greatest wave length station in existence, exceeding the Lafayette station by 15,000 meters. It will be able to pick up Carle at Menlo. The change is based on a long series of experiments carried out by the navy.

Man Faces Court On Wife's Charges

MOUNTAIN VIEW, March 31.—Manuel Andrade, charged by his mother-in-law with failure to provide for his wife and children, appeared yesterday in the court of Judge E. L. Maxwell here. It was learned in court that he was under order of a San Francisco court to pay his wife \$60 monthly alimony. The case was therefore put over for one week.

HOOVER READY TO ARBITRATE ALL RADIO DISPUTES

Regulations That Senate Failed to Provide.

By CARL H. BUTMAN.
(Special to Tribune.)
WASHINGTON, March 31.—Following in the leads of the great outdoor sport and the old favorite evening pastime, radio may take on an arbitrator. Just as Landis has come to have the "last word" in baseball and Hays to write the "final" of the movies, so Hoover may soon transmit "V.A." the "30" of radio, putting an end to all arguments in the ether.

In calling the recent radio conference, Herbert Hoover offered not only to arbitrate radio disputes, but to make the necessary regulations which the senate failed to provide. He has volunteered as a sort of foster father to this new art and industry, and hopes to clear up a threatening atmosphere charged with static. The conference just terminated indicated whole hearted voluntary support by the several phases of the industry of an administration by him.

Only remains for the radio public to co-operate to offset a threatened slump and remove the present broadcasting interference. Incidentally, Hoover's administration in his present capacity would save the industry the cost of a private paid arbitrator.

In the opinion of Major General George O. Squier, chief signal officer of the army, than whom radio has no more earnest supporter nor more generous technical contributor, the industry and public should co-operate with Hoover in his every wish.

The failure of the senate to pass the White bill may be a blessing, although we all were disappointed. The industry and public should co-operate with Hoover in his every wish. The very lack of law requires a closer co-operation of the various radio activities in order to straighten out difficulties which could be remedied by the passage of other laws dependent upon the action of a rather diffident Congress.

Changes in regulations found necessary during a year of such operation could be applied immediately, without reference to Congress.

"The art is advancing so rapidly that we hardly knew what to expect next," General Squier said. "Today radio is a service for the car, but if the transmission of radio pictures—still and moving—is perfected, the eye may also be served."

"We must be ready to accept new views and apparatus at a moment's notice; not to do so would place this country in the rear instead of the van of radio progress," he indicated. Since the White bill was drafted, General Squier said, many new phases had arisen which indicated that the bill was not entirely suitable.

"Secretary Hoover has practically volunteered to administer and arbitrate troubles for at least two years—free." As a cabinet member, his service to the radio interest will not cost a cent, he explained, pointing out that the moving picture industry had found it necessary to secure the services of a former member of the cabinet at a sum reported to be about \$100,000 a year, and that baseball likewise had a highly-paid arbitrator.

Conflicts or difficulties arising between operators or stations can upon recommendation by Hoover's advisory committee be adjusted without reference to a court of law; new regulations can be instituted without delay and harmonious operation can be maintained between the thousands of transmitting and millions of receiving stations which now spread over the face of the country.

Backing Hoover is an opportunity that the radio industry and public cannot afford to neglect, General Squier believes. An offer of service from a very busy government official should receive the commendation of the whole nation.

MORE INDIAN BONES FOUND IN OREGON MOUND

ALEANY, Ore., March 31.—Excavations in the ancient mound recently uncovered North Albany were resumed yesterday by a crew of men, with the result that within four hours' time five skulls and remnants of skeletons were found. The theory that was held at first regarding the direction in which the bodies were placed when buried was blasted when one body was unearthed facing northwest. All others had been facing east. Four more mortars were found, one with each of the bodies. The mortars were all in a position over the head like a hat, with one exception. This one was placed against the left side.

Radio Parley Report Given In The Tribune

THE TRIBUNE will print on its radio page Sunday the full report of the second radio conference just completed at Washington, and the recommendations of the committee. Many important changes in wave lengths, affecting both amateur and broadcast are recommended to Secretary of Commerce Herbert Hoover.

Hoover will see President Harding to issue a Presidential order, covering the recommendations of the conference, which will then be put into effect. Hoover's initiative in calling the conference and the benefit that came from it is told in a special despatch to The TRIBUNE from Washington, which will be found on this page.

BOY ELOPER AND BRIDE, 27, ACREE TO SEPARATION

Colusa Student and Teacher Wife Part For Youth to Finish High School.

COLUSA, March 31.—The romance of 17-year-old Charles Reginald Farnsworth and his 27-year-old bride and former school teacher, who was Miss Myrtle Trubey, came to a temporary close at Sacramento yesterday after the fashion of a movie romance—with a kiss and a fadeout.

Farnsworth and his bride eloped some time ago and were arrested in Williams, Arizona. They were taken to Sacramento by the boy's father, George Farnsworth, and Sheriff Frank L. Clayton, where it was arranged that they should part for the time being.

After kissing each other goodbye they took their separate ways—the bride to San Francisco, and the groom back home to Colusa with his father. It was arranged that they should continue to live apart until young Farnsworth completes his schooling.

"I love her," the groom declared, "and I am going to stick with her."

Just before the separation occurred the bride said: "I loved him—he loved me—that's all there is to it. I am willing, however, to do anything that is reasonable and for the best interests of my husband."

It was at the suggestion of the groom's father that the temporary separation was agreed upon.

Poincare Faces Downfall; Read Sunday Tribune

POINCARÉ must show the French people definite results in the Ruhr, or means of getting them, soon after the Easter vacations or step down and out, to make way for a premier who can. This warning that has been served on the head of France's government, while the old wartime slogan "We are in it to the last win" rings through the nation. Poincaré's mistakes in the Ruhr, it is charged, allowed Germany to organize passive resistance and he must compel success or go. A notable despatch to The SUNDAY TRIBUNE from Andre Tardieu, French commissioner to America during the war, furnishes complete details of France's political crisis. Other foreign news features for tomorrow's paper have come from A. C. Gardner, Britain's greatest Liberal editor, Maximilian Harden, Germany's foremost publicist, and William Bird, Paris correspondent.

Supplementing these exclusive cables are noteworthy articles by leading American and Canadian writers on such a variety of topics as: "Harding's inability to alter the tariff to cut the price of sugar," "The inside story of the Federal reserve meeting," "It's the working girls who support the beauty parlors," "An old-time fight looms at the D. A. R. convention," "Canada's government railroads drop \$60,000,000," as well as comprehensive reports on financial and trade developments and descriptions of affairs and gowns in Washington society circles.

JOE LYNCH'S DEATH
The death of Joe Lynch, who was shot in the back of the head by a man who entered a railroad depot Sunday and demanded a ticket to Paris, leaving himself back at a base hospital in France. Shortly after he collapsed, and was taken to a hospital. He then said:

"That he was a former Northwestern University student."

"That he played football there and sang with the glee club."

"That he joined the Canadian army in 1915."

"That he was in the air service and received a fractured skull in a drop of 1700 feet."

"That he was on his way to see his uncle, Joe Lynch of Spokane."

Red Cross officials decided to take care of him temporarily, and investigate. Unsuccessful efforts were made to locate the uncle. The man's finger prints were taken and sent to Washington, D. C., and Ottawa for comparison with military records.

More definite identification followed, however, when "Pat" was heard to call the name of Dr. Carl Rand in his delirium. Medical directories showed that Dr. Rand lived in Los Angeles, and the Red Cross wired him a description of "Pat." The physician answered that the description fitted that of Harry Gorman, formerly a patient in the psychopathic ward of a Los Angeles hospital.

'LOST' VETERAN PILOT IN TOWN IN WASHINGTON

Man Believed to Be Henry Gorman Knows Self Only As "Pat."

YAKIMA, Wash., March 31.—Confirmation of belief of Red Cross officials here that "Pat," World War veteran of lost identity, is really Harold Gorman of Los Angeles, was awaited here today, when replies to telegrams to Gorman's relatives were expected.

In the meantime "Pat" insisted to all that he was not Gorman; that Gorman was his pal, and had a wooden leg. Some persons who have had "Pat" under observation since Sunday believe he is trying to conceal his identity.

Attention of social workers was first drawn to the man when he entered a railroad depot Sunday and demanded a ticket to Paris, leaving himself back at a base hospital in France. Shortly after he collapsed, and was taken to a hospital. He then said:

"That he was a former Northwestern University student."

"That he played football there and sang with the glee club."

Easter Song Service Is Prepared

With the established custom of an Easter musical service as part of the regular service, the First Universalist Church will hold its Easter service at 10:30 a. m. in the Story Ball Room of Hotel California.

An unusual program will be given with Miss Catherine Urner, lyric soprano, director of music in Mills College, as the special soloist. A string trio consisting of Miss Fern Backman, violin; Miss Jean Allen, violin; and Miss Cecil Hanson, viola, will assist. Vocal numbers will be rendered by a special quartet consisting of Miss Catherine Urner, soprano; Mrs. Elizabeth Richardson, alto; John G. Byrre, tenor; and Charles Wilford, bass. This quartet will be augmented by another for a special number, consisting of Miss Ruth Perry, Miss Florence Nelson, C. Warren Bramhall, and Chester Hilborn. Senior Bernabe Solis, the Filipino pianist, will add to the attractiveness of the program.

A large class of new members will be received, several children will be christened and the special memorial service for departed loved ones will be features of the service.

Bernard C. Ruggles, the minister, will speak upon the theme, "The Assurance of Immortality." A special committee of ladies will transform the ball room into a cathedral with the use of potted palms, lilies and cut flowers.

Following is the musical program:

Anthem, "Christ the Lord Is Risen Today," Lyle Davidson.
String trio.
(a) Elegie.....Boisdeffre
(b) Serenade.....Jan Black

Oratorio By Gounod To Be Sung

Impressive Easter programs will be given at the First Presbyterian church tomorrow morning and evening. Dr. Frank M. Silsley will give an Easter sermon at the morning service.

The Easter music given by the Temple choir under the direction of the organist and chorister, Walter B. Kennedy, will be particularly beautiful, featuring the anthems, "God Hath Appointed a Day" by Berthold Tours, for full chorus and quartet; "In the End of the Sabbath" by L. A. Coe, for soprano solo and full chorus; "Awake! Thou That Sleepest" (from Jairo's Daughter) by Stainer, and soprano solo, "I know that My Redeemer Liveth" (from Handel's "Messiah") by Mrs. Zilpha Ruggles Jenkins, and closing with Gustav Merkle's "Easter March" by Mr. Kennedy.

At the evening service, the Temple choir will present part two and three of Charles Gounod's oratorio, "The Redemption." Part one was given a notable rendition on last Sunday evening at the Palm Sunday service. "The Redemption" is the crowning work of Gounod's life and depicts with vivid coloring the events leading up to the crucifixion of Christ, His death on the Cross, resurrection and ascension, and the Pentecost which followed, closing with a prophetic vision of the millennium.

In setting forth the text of the oratorio, the composer has followed a custom inaugurated by Johannes Sebastian Bach in which the narrative is sung in recitative by a narrator, while the conversational passages are assigned to the chorus. In addition to the Temple choir and its solo quartet, assistance will be rendered by the Laisaire String Trio and Miss Virginia de Fremery, guest artist at the organ. Walter B. Kennedy, organist and director, will direct the rendition of this oratorio.

Following is the program:

Easter to Be Observed At Memorial

Thirty-two years ago on April 1, a small group of people met at the home of Miss Ann Baker, on what was then called Albin street, to consider whether it was advisable to start a mission of the Episcopal Church in this part of Oakland, then called Northern Oakland.

They were under the leadership of the late Rev. John Bakewell, D. D., whose funeral on March 22 was held at Trinity church. Within two years a church had been built, and on Easter Sunday, April 2, 1891, it was consecrated, free of debt.

So this Easter holds a deep significance for the people of Trinity Parish, which will be expressed at the service at 11 a. m. This service will be a memorial to the founder and first pastor of the parish, the Rev. John Bakewell, D. D., and will also commemorate the thirtieth anniversary of the consecration of the church built through his leadership. The rector, Rev. Lloyd B. Thomas, will preach the sermon on "The New Life of the Spirit."

There will be celebrations of the Holy Communion at 6:30 a. m. and at 8 a. m., as well as at 11 o'clock. The children's service will be at 10 a. m.

The music at the 11 o'clock service will be "Reverie in A flat" by Stone, and "Festal Processional" by Shaker, played by Gerard Tailhader, organist and choir director. Tenor solo sung by Ernest McCandlish, "My hope is in the Everlasting," from Stainer's "Daughter of Jairo;" and offertory chorus.

Oratorio, "The Redemption".....C. H. Gounod Parts two and Three.

Church to Hold Four Services

In accordance with the custom of many years, Easter Sunday will be observed at the First Congregational church tomorrow morning with four services. At 9:45 a. m., 11 a. m., 4:30 p. m., and 7:30 p. m. The church school, which meets at 9:45, will hold a great assembly service, all departments meeting together in the main assembly room. The Primary department will give an Easter song. The Junior department will present a Biblical drama, "The Wise and Foolish Virgins," and Rev. R. C. Waddell will tell the Easter story. The school will dismiss at 10:40 to allow all members ample time to obtain seats in the church auditorium for the regular morning service.

At the 11 o'clock service the Easter sermon will be preached by Dr. Richard La Rue Swain, whose book on "What and Where is God" has had a phenomenal sale. A special section will be reserved for the boys and girls of the church school at this service, and Rev. Waddell, the acting pastor, will give a children's sermon on "The Springtime." The chorus choir will sing several Easter anthems.

The vesper communion service will be held at 4:30 in the afternoon. A large number of young and old will be received into church membership at this time. Baptism of infants will take place, and the Lord's Supper will be celebrated. After the service the young people of the church will provide a social program and light refreshments in the church parlors for all who desire to remain and greet the new members.

The evening service will take place at 7:30. The chorus choir under the direction of Eugene Blanchard, will render the Easter Cantata "The Daughter of Jairus." Mrs. Ruth Anderson will sing Granier's "Hosannah" as an offertory.

The program for the morning service follows:

No Vesper Service At Mills Tomorrow

There will be no regular vesper service at Mills College tomorrow because the day comes in the spring holidays from Wednesday evening, March 28, to Tuesday morning, April 3. The students are availing themselves of the opportunity of returning to their homes or of spending the week-end off campus.

The following Sunday, April 8, William E. Carruth will give his regular monthly program of organ music, the complete program being announced later.

Dr. Dean to Direct Choir For Easter

Dr. Harvey O. Breeden, pastor of the First Christian Church, has conducted evangelistic services this week preparatory to the great outstanding occasion of the year, the Easter celebration.

Easter programs of music will be given at both morning and evening services. The morning sermon theme will be "If Christ Be Not Risen" and the evening subject will be "The Easter Hope."

Dr. O. S. Dean will direct the music which is to be rendered by an augmented choir and a chorus of thirty voices, with Miss Lucy Hannibal, organist.

The program for the morning and evening music follows:

Scotch Singing Evangelist Coming

Arrangements have been made to bring to Oakland a Scotch evangelist of international reputation, come to Oakland in April. He will hold several weeks' services in the Gospel Auditorium beginning Sunday afternoon, April 8.

Those who have heard Stewart say he is a preacher of remarkable ability, and one who intersperses his sermons with gospel solos of high character.

Once a coalminer, the great change came to him as suddenly as to Saul of Tarsus, and he left the pit to preach to thousands the message that transformed his life. His present home is in Guelph, Ontario. He comes to California after conducting successful missions in many Eastern and Canadian cities, and will probably remain in the state several months.

The New Era committee has adopted a program for the year beginning June 1 which includes regional conferences of ministers and laymen similar to that held in Kansas City. These will be followed by presbytery and local conferences conducted largely by those who attended the regional meetings.

Unitarian Laymen in New Work

A question that has been frequently asked the past year is "Why are the laymen of the Unitarian Church conducting missions?" Unitarianism, like the greatest movements in Christian history, has been and is primarily a lay movement in religion. In this respect it claims to be like Christianity, which in its beginning was a lay movement led by Jesus, the carpenter, and a group of fishermen and artisans.

The Unitarian Laymen's League believes that one of the greatest needs of today is the reconstruction of the church. The supreme task is to discover ways and means to adapt the activities of the church to the modern needs and aspirations of mankind. The leaders of the league realize that the religious questions over which men argued one hundred years ago are not of vital importance today. They are therefore endeavoring to bring to clear expression a liberal Christianity that includes every person in the world in its interpretation of life, and while not destroying natural, racial and social differences are endeavoring to eliminate racial and social prejudices. They desire that the church shall be as broad as human needs.

SOCIAL EFFICIENCY. The Unitarian Laymen's League also believes that the test of any religious movement is whether it is socially efficient. Religion to have supreme value must be expressed in social relations and institutions. The men of today crave flesh and blood reality in religion. They value any religion to the extent that it is embodied in the lives of heroic, upright and optimistic personalities. They believe that religion should be expressed in terms of the martial spirit of the soldier; the skill of the artisan; and the efficiency of the business man.

In order to realize these purposes the officers of the Unitarian Laymen's League persuade Dr. Sullivan, one of the foremost ministers of the United States, to conduct a series of missions in the United States and Canada.

What is the dominant accent in these missions that are being held under direction of the laymen of the Unitarian Church? The practical business men at the head of the Laymen's League feel that the greatest need of today is to universalize a knowledge of God expressed in terms of everyday life. Modern men are not satisfied with the empty and dead symbols that have been inherited from the past. They feel the need of a God who

DR. RECCORD IN DEMAND AS CLUB SPEAKER

Rev. Augustus P. Reccord, the minister of the First Unitarian Church, will be as follows:

graduate of Brown and Harvard Universities. He was for fourteen years the minister of the First Unitarian church of Springfield, Mass., where he was recognized not only as one of the prominent ministers of New England, but also as a leader in various forms of civic activity, being a member of the Chamber of Commerce and the Rotary Club, as well as of two successive charter revision committees.

Dr. Reccord has been in great demand during the Unitarian Mission as a speaker before the service clubs of Oakland, having addressed, during the past two weeks, the Lions, Kiwanis, High Twelve, Knights of the Round Table, Ad Club, and the Women's Business and Professional clubs. He also spoke before the students of Mills College on "Commercialism and Civilization." All who have heard him have been impressed by his remarkable ability in the answering of the questions that have been asked. Every serious question relating to religion and the vital problems of life has received careful consideration within the limit of the time allowed to that part of the service.

may be known within the soul of man, and also a God with whom they may be in fellowship in the performance of the common work of life.

RELIGION IN HUMAN TERMS. The mission ministers endeavor to express religion in human terms. They recognize that there is no line of separation between the worship of God and the service of man. They are convinced that if religion were generally expressed in terms of life through the services and activities of the church, there would be no lack of interest in the church. The man who fails to develop his religious nature is starving the best part of his life.

The Unitarian Laymen's League also realizes that every great step in advance in religion has come through the discovery of a clearer and more vital conception of God, and the expression of it through the active co-operation of the ministry and laity of the church.

The mission ministers therefore proclaim the nearness of God to man, and that He speaks in every word and deed in which men express love, truth and goodness. Let any man give himself to the realization of that which is noblest in human endeavor and highest in his own life, and he will find the living God.

Unitarians Plan Music For Easter

The musical program of the Easter service at 11 a. m. at the First Unitarian Church, will be as follows:

Prelude, "Easter Morning".....Mailing
Anthem, "List the Cherubic Host," from the "Holy City".....Gaul
The choir assisted by Wellington Smith.
Offertory, "Andante".....Franck
Baritone solo, "Morning Hymn".....George Henschel
Wellington Smith.
Postlude, "Pantifal March".....Wagner
Miss Virginia DeFremercy, Musical Director and organist.

At the final Mission service which will be held at the Auditorium Theater tomorrow night at 7:45 there will be special music by an instrumental trio, Wellington Smith will sing "The Pilgrim Song" by Tschaiowsky.

UNITARIANS TO CLOSE MISSION EASTER SUNDAY

The greatest event in the history of the First Unitarian Church of Oakland has been the Unitarian Mission that is drawing to a close. The Unitarian churches of San Francisco, Berkeley and Alameda have heartily co-operated, being represented on all the committees and attending the meetings in large numbers. The interest and attendance at the Mission have exceeded all expectations.

The closing services of the Mission will be held tomorrow. The Easter Message "Survival Through Personality" will be the subject of the sermon by Rev. William Laurence Sullivan, D. D., at 11 a. m. in the First Unitarian Church of Oakland.

On account of the large audience on the Sundays of the Mission and the impossibility of accommodating the people in the evenings, the final service will be held in the Auditorium Theater, Sunday at 7:45 p. m. when Dr. Sullivan's subject will be, "The Spiritual Principles of Liberal Christianity."

The arrangements for the ten missions that have been held, have been under the direction of Dr. Sullivan, the secretary of the Unitarian Laymen's League for the Middle Atlantic States. Much of the interest in the mission in

War Singer to Lead Services Of Unitarians

THE congregational singing as led by Wellington Smith, the song leader, has been one of the inspiring features of the Unitarian Mission. Smith was attached during the war to the staff of Rear Admiral Spencer S. Wood and had under his direction all of the musical entertainments in the naval district of Maine, New Hampshire and Massachusetts.

Smith is also a leading soloist of much reputation, having given recitals in many of the large cities of the east. As a soloist he has received the highest praise on account of his engagements with the People's Choral Union, the Handel and Haydn Society, and the Cecilia Society of Boston. He has been engaged as soloist for next season by the Detroit Symphony Orchestra.

At the Easter service in the First Unitarian church at 11 a. m. Smith will sing "Morning Hymn," by George Henschel. At the final service at the Auditorium theater tomorrow night at 7:45 he will sing "The Pilgrim Song" by Tschaiowsky.

Diva of S. F. Fair to Sing At Services

Easter musical services will be held in the Ivory Ball room at Hotel Oakland tomorrow under the auspices of the First Unitarian church. Miss Fern Backman, well known Eastbay violinist, is in charge of the music.

She has engaged Madame Maria Picorari Billones, lyric soprano from the Milano Conservatory, Italy. Madame Billones is known in San Francisco as the diva of the P. L. E. in 1913, when she sang in Festival hall, accompanied by the Philippines Constabulary Band. She will be the special feature of the services. There will be a varied program of voices and instruments in addition.

Oakland has been due to the presence of the local committee by Mr. McDougall, who arrived here ten days before the beginning of the Mission.

Laymen's League Of Unitarians Tells Purpose

ever increasing numbers to the service of the church, and through them to the larger service of mankind, the churches must present a constructive, forward-looking program that will appeal to men. On such a program foundation is based the appeal of the Unitarian Laymen's League, which not only has enlisted the membership of 14,000 men of the United States and Canada in less than four years, but has attracted to its staff of executive and executive successful professional and business men who recognize in the objects and purposes of the Laymen's League more thoroughly satisfying, if materially less remunerative, opportunities for public service.

In April, 1919, the Unitarian Laymen's League was launched in Springfield, Mass., by a handful of founders. Today there is a chapter, or branch, for each founder who was present that spring day, and many to spare. The organization at once went into action with a staff of all sorts of men, the most of them young, on the business corner in San Francisco, and represents the Unitarian Laymen's League and other organizations of the church on the Pacific coast.

Out from the Navy came a Boston lawyer, William L. Barnard, seeking to return to the practice of the profession which he had left to serve his country in the arm of service for which by nature and experience he was best fitted. But he has not practiced law since he pulled in his shingle and put on his uniform. He became executive secretary of the Laymen's League, and subsequently secretary.

Looking about for a successor as executive secretary, he was able to draft his old Navy Commander, Joseph C. Nowell of New Bedford, Mass. With Wetherell in the field, the trio of secretaries undertook to enlist Unitarian laymen in the movement of 1920 which had as its slogan: "Money for a Campaign; Not a Campaign for Money."

In less than six months 25,000 Unitarians had subscribed \$2,400,000, and the campaign was begun. More recently district offices have been opened in New York, Chicago and St. Louis, as well as in San Francisco, previously mentioned. From among aviation, Kenneth McDougall, was obtained and placed in charge of the New York office and of first work in the field.

The Atlantic states, Robert B. Day of Chicago, a lieutenant of industry in the great war, took up the reins in the Middle West, opening the doors of the church to the

The Ressurrection.

Dancing along o'er the bare brown hills,
Comes Springtime, all clad in new frocks and frills;
She shakes out her hair to the warm south breeze;
She sinks as she goes, to the watching trees.
The grey days of winter are over, says she,
"And the birds are returning from over the sea."

They are turning joy to the laughing sky
As they build their small homes in the branches high;
They are busy all day in the dusky wood,
Seeking soft beds for the tiny brood.
That will soon be swaying in tree tops tall,
Never doubting the care of the Father of all.

Each tiny seed 'neath the cold dark clay
Hears the call of the Springtime—the urge to display
All the glorious finery—purple and green,
Yellow and lilac, and blue and brown.
Such a riot of brilliancy, flaring, aglow,
As old Mother Nature in Springtime can show.

Oh, glorious hour of rebirth, when the call
To rejoice and be glad, is the message to all.
Leave to the past the defeat and the tears—
The fading dreams of the twilight years.
"Look up!" Let new faith in your soul be born—
"Is the message of Christ, this radiant morn."

erating from both Chicago and St. Louis.

In the spring of 1922 the Laymen's League began to develop its missionary program, of which Dr. William Laurence Sullivan of New York is the leader.

Oakland has recently witnessed the effective work of Dr. Sullivan, the Oakland mission being a part of a nation-wide campaign on the part of the Laymen's League to bring before the American public the clear convincing appeal of liberal religion.

Another interesting phase of the League's work is an effort to interest college students in the cause of liberal religion. In fifteen university centers, the league, through its local chapters, is endeavoring to enlist the support of young college men and women in the service of the church. One of these centers is at Berkeley.

This is the story of a few who give all their time to promotion of the program of the Unitarian Laymen's League, constantly in close touch with the affairs of the League, are its President, Charles H. Strong of New York City, eminent lawyer, and Henry H. Sharp of Providence, Rhode Island, is treasurer.

The general policy of the League is controlled by a Council of twenty-one members, from all parts of the country, seven of whom are elected each year.

This first laymen's organization of its kind in American churches has demonstrated what other and numerically stronger communions may accomplish in the development of the Church of Christ in the United States and Canada and the achievement of its great ideal.

FOUR YEARS OF WORK HERE WIN HIGHEST PRAISE

Rev. Clarence Reed, the Minister of the Unitarian Church, came to Oakland nearly four years ago and during his pastorate has done splendid work in building up the strength of the church.

Rev. Mr. Reed is a graduate of the De Vaux University and has taken graduate work at the University of California and at Harvard. He has travelled extensively in Europe and is well known as a lecturer on religious and literary subjects. In addition to his many other activities, he has taken a deep interest in civic matters, is a member of the Chamber of Commerce and has done much to arouse the interest of his people in the Better Oakland movement.

The earnest and devoted work of Dr. Reed in the cause of liberal religion has done much to make widely known the devotion of the Unitarian church and the principles of pure Christianity. To Dr. Reed belongs much of the credit of the success of the Unitarian preaching mission.

Recent primary elections in Palestine for the purpose of choosing members of the electoral college resulted in 33 Jews, 126 Moslems and 22 Christians being chosen. The Arabs boycotted the election. The twenty-two Christians represent eight sects.

separated as the organization of women, but for whom many church and long since have gone on of existence.

Brilliant Record Made in Year Work of Past

Dr. D. D. was secured and as the first mission minister of Unitarian Laymen's League that time he was the leader of the All Soul's Church of New City, the oldest Unitarian in that city. During the past he has held ten missions in United States and Canada.

The universal character of those who have attended the mission in Oakland is that Dr. Sullivan is the greatest preacher who have ever heard. Night after night audiences that have seen the capacity of the church have been held spellbound by his eloquence as he interpreted religion in the highest spiritual terms. Many of his sermons will never be forgotten by those who heard him.

His utterances have been characterized by fairness and courage toward those with whom he may differ. He has a remarkable gift of clearness of expression. As a creative thinker and a teacher of constructive religious ideals, he ranks among the greatest ministers of America.

Undoubtedly much of his power as a minister comes from the fact that he speaks from a deep religious experience, having attained a vital religious faith as the result of years of struggle. His sermons in Oakland have caused many persons to treasure higher religious ideals and inspired them to live better lives in the future.

The men of America spend \$10 for cigarettes for every one dollar that the whole church gives to missions.

Ladies' Day for College Avenue M.E. Men's Class

THE College Avenue Men's Class of the College Avenue Methodist church will have Ladies' Day tomorrow morning at the Strand theater, Berkeley. Several extra features have been arranged, one of which is to be a reel of "Prizma" pictures appropriate to the Easter season.

Not only the wives and sweethearts of the members of the class but all the ladies of the church and community are cordially invited.

As the program starts at 10 o'clock sharp, it will be well to be at the theater before that hour.

Liberal Christians

The glorious adventure of Liberal Christians is to recover the person of Jesus from the myths and legends that have obscured for centuries his human features. The greatness of Jesus was not due to any claim that has been made in regard to his deity nor to any uniqueness that separated him from other men, but on account of the fact that he expressed religion in terms of life and was conscious of the all-pervading presence of God.

* * *

"The highest form of Christianity is something separate and apart from a belief in miracles. A person may believe all the statements in the creeds in regard to the virgin birth, the physical resurrection and the miracles ascribed to Jesus, and

not be morally or spiritually any better on account of that belief. On the other hand, if a person believes that love, truth, justice, joy and beauty are of the nature of God, he will seek to universalize these ideals.

"Jesus was not the founder of Christianity as an organization. His aim was not to establish another religion, but to reform Judaism. Christianity was not even conceived in the lifetime of Jesus. The apostle Paul was the founder of Christian theology. According to Jesus, the greatest error is to separate religion from life, while to the apostle Paul the greatest sin is the failure to believe in the mythical Lord Jesus. Liberal Christians are followers of Jesus."

Protestant churches of San Francisco will unite tomorrow morning at 5:55 for Easter sunrise services on Mt. Davidson. Beacon fires will be lighted along the trail to the top of the mountain, which is located southwest of Twin Peaks.

Special plans are being prepared for the services, according to Rev. Homer E. Pitman, president of the San Francisco Federation of Churches.

The Eternal Trumpet Call

Listen, O Isles of Earth, harken ye people from far,
Harken all ye who follow and yearn after righteousness;
Harken all lands and nations, whether in peace or distress.

Take up the Christ-man's burden, this message sound and prolonged!
Take up the Christ-man's burden; the law of right against wrong!
Take up the Christ-man's burden, this word continually sing!
Take up the Christ-man's burden, why imagine a vain thing?

O ye people of earth whatever your nation or tribe or tongue
Take up the Christ-man's burden! Let this to-day be rung,
Within and about the borders of each warring and hating land.
Take up the Christ-man's burden, till earth's kin together stand
For Freedom, for Truth, for Justice, and work for them hand in hand.

With liberty blazoned for all be Israel's banner unfurled;
And no sect or creed or cult be prescribed throughout the world!
Take up the Christ-man's burden—help on his loving plan,
God's final federation and humanity for man!

Take up the Christ-man's burden and the future years shall be bright;
The crimes of man unto man and the prejudice of race!
Take up the Christ-man's burden; the mandate long has stood
That mortals upon the earth are made of one flesh, one blood!

Take up the Christ-man's burden and the future years shall be bright;
For He said, "My yoke is easy, for all my burden is light."
Take up the Christ-man's burden, now, now has struck the hour!
Believe no more in aggression, race hatred or kingly power.

Take up the Christ-man's burden, let his voice through the ages roll.
Take up the Christ-man's burden, and save and exalt the soul!
Take up the Christ-man's burden, or race or sect or name;
Take up the Christ-man's burden—what is human is all the same.

Then the eternal trumpet throughout the world shall resound
Take up the Christ-man's burden, and up from the very ground
To the eternal ear shall come this cry and no other
The voice thou hast buried away, the voice of the blood of thy brother.

Awake ye men of the earth! Each cheater or slacker or sleeper
Awake! Awake to this truth—that thou art thy brother's keeper!
Take up the Christ-man's burden, for only so shalt thou live!
Take up the Christ-man's burden! For thee his blood did he give.

Take up the Christ-man's burden! If you bear his cross alone
Carry it well, till He comes who by God's own hand was appointed.
And be with each human heart, upon every tablet and page
Take up the Christ-man's burden—a theme for each poet and sage!

Take up the Christ-man's burden, and on the pathway appointed
Carry it well, till He comes who by God's own hand was appointed.
And be with each human heart, upon every tablet and page
Take up the Christ-man's burden—a theme for each poet and sage!

Take up the Christ-man's burden, fulfill law and love require!
Take up the Christ-man's burden—same for the black and the white!
Take up the Christ-man's burden—Peace then truly shall come!
And the wars shall be rolled away beneath the sky's fair dome.

Take up the Christ-man's burden, in spirit and deed be it done!
Take up the Christ-man's burden, together or each alone!
Then shall the fair day dawn for the children of God, and then
Out of their cloud walled heavens the Angels shall cry "Amen!"

The sermons at these services will be preached by the Rev. Thomas Cullen, editor of the San Francisco Monitor. Tomorrow evening at 8 o'clock there will be devotions, a sermon and benediction of the blessed sacrament.

Lutherans to Have Program For Easter

Easter morning services will be held at the regular hour tomorrow at the First Lutheran church, Wendell S. Dystinger, pastor. A special Easter program of music has been prepared. The pastor announced the theme, "The Living Christ." A special invitation is given to Lutherans without a church home in the Bay district.

In the evening, the service will be in charge of the Sunday school. The Easter program will be given, largely by the children of the school. The Easter program will be given, largely by the children of the school. There will be Easter songs and recitations. The public is invited.

The sacrament of the Lord's supper will be celebrated after both morning and evening service.

Baptisms Scheduled At Bethany Baptist

At the morning hour Bethany Baptist Sunday school will have an Easter program. This will include exercises by the children, special music, and a message by the pastor to the children and parents. Eight people who recently declared their faith will receive the ordinance of baptism. Also others who decide tomorrow morning. Most of these will be baptized at the evening hour.

White Doves To Signal Service End

A flight of white doves will signal the close of the Easter service at Mount Diablo tomorrow. The service will begin at 2:30 p. m. The doves will be taken to the top of the mountain in large baskets, and when the last word of the benediction is uttered the baskets will be opened. When set free, the birds will, as is their custom, circle about the crest of the mountain, in order to orient themselves, before winging their way to their native dovecotes. It is planned to make this a unique and beautiful observance of this sacred event.

The musical program will be under the direction of Professor Walter B. Bartlett of San Francisco, with Mrs. Winifred Hanlon of Martinez, as soloist and Mrs. James P. Hoer, accompanist. There will be a chorus of forty voices.

On Easter Day Mrs. Hanlon will sing Mendelssohn's "Hear My Prayer," assisted by the chorus. After the invocation the audience and chorus will give "How Firm a Foundation." The readings from sacred script and speaking will be interspersed with "Send Out Thy Light" (Gounod), by the chorus, and "Now the Day is Over," by the quartet.

Benicia Presbytery meets April 10, 11 and 12 in the newly decorated San Rafael church, paying a visit to the new Community building at Novato.

College Ave. Church Plans Fine Program

The greatest day of the Christian calendar will be celebrated appropriately at College Avenue Methodist church tomorrow. There will be special features in the Sunday school. The men's class will hold "Ladies' Day" at the Strand theater.

The morning worship at 11 will have a fine program of Easter music with an Easter sermon by the pastor, Dr. Royal A. Simmonds. The choir will render Taylor's "The Lord Is My Strength" and Howard I. Millholland will sing "Open the Gates of the Temple" with violin obligato by Kathryn Simmonds.

At 5 p. m. the following vesper program will be given:

Organ, "Getsemane".....Mailing
Miss Edna Kimball.
Quartet, "God So Loved the World" (From the "Crucifixion").....Stainer
Anthem, "Thou That Destroyest the Temple".....Peace
Offertory solo, "Hosanna".....J. Faure
Solo, "He Shall Feed His Flock".....Handel
Miss Agnes Reese.
Solo, "Come Unto Him".....Handel
Mrs. Letha Hunt.
Anthem, "The Heavens Are Telling".....Haydn
Organ, "Hosanna".....Hartman

The Men's organizations of Calvary church, San Francisco, and of Richmond, are showing vigor and influence in church work. At Calvary the men recently entertained some sixty boys at which John L. McNab gave the address.

Quartet to Aid Dapisi Observance

Easter Day will be celebrated at the First Baptist Church tomorrow in a bright, happy, fitting way, with elaborate decorations, special music by a chorus choir, and the quartet, consisting of Charles Lloyd, Lyman J. North, Eileen Altmeyer Piggott and Ruth Hall Crandall, and messages of cheer and inspiration by the pastor.

Both preaching services, morning and night, will open with the administration of the ordinance of baptism to a large number of candidates, thus symbolizing the true Easter message. At the morning hour, Dr. John Snape will preach on "The Immortal Hope," which embodies the hope of the persistence of the personality beyond the grave and the hope of reunion with and recognition of friends who loved ones after the resurrection.

Grace Adams East, silver cornetist of Berkeley, will play "The Holy City," by Adams; and Charles Lloyd will sing "Be Comforted Ye That Mourn," by Fisher.

In the evening a large delegation of the Oakland Solists will attend in a body and occupy a reserved section at the front of the Auditorium and Dr. Snape will give the first in a series of sermons on "Heaven—Is It?" Lyman J. North, tenor, will sing "Christ Is Risen," by John Carre. Eileen Altmeyer Piggott, soprano, who has been absent for several months, will return and assist in the rendition of the following anthems during the day: "As It Began to Dawn," by Parker; "Hosanna," by Granier; and "The Strife Is Over," by Mendelssohn.

The Bible school will meet in the morning at 9:30 instead of 9:40, in the church auditorium, with a special Easter program, each department having a part, and Dr. Snape will give a talk for the benefit of the children. The Junior B. P. U. will meet at 5 p. m. and the Intermediates, Seniors and Service Legion at 6:30 p. m. with Easter lessons and extra programs.

First Baptist Auxiliary to Hold Meeting

The women of the Auxiliary of the First Baptist Church will gather at their annual meeting and luncheon on Tuesday, April 3, at the church. Mrs. J. M. Davis, who has served the Auxiliary as president during the last three years, will assume again the executive office, and the new year promises to be one of increased activity under her leadership.

The missionary program of the past year followed the visit of an imaginary ship called "Others" to the various mission fields of the world, and the luncheon program is planned to be in keeping with the ship idea.

Toasts and reports will be given as follows: "Clerk's Log," Mrs. Arthur E. Caldwell; "Purser's Manifest," Mrs. H. A. Makinson; "Port and Aft," Mrs. J. P. Sherwood; "Anchor Thoughts," Mrs. Harriet H. Hall; "Hard-ship," Mrs. Clarence S. Caldwell; "A Pilot's Message," Mrs. J. L. Spears; "From Galley to Cabin," Mrs. H. Glen Johnson; "Reflections of the Sea," Mrs. G. N. Blackburn; "Soundings," Miss Mae Kitchen; "Fellow-ship," Mrs. C. W. Brown; "A Voice from the Deep," Mrs. Adie Moore; "A Captain's Word," Mrs. J. E. Wasson; "The Mainstay," Mrs. Harold Langdon; "Shore Leave," Mrs. C. E. North; "Ship Aboard," Dr. John Snape.

There will also be an inspirational address by Mrs. J. M. Davis, president. The devotional program will be in charge of Mrs. John L. Spears, under the title "Worship."

Miss Ruth Hall Crandall, contraalto soloist will render several selections. Songs will also be furnished by the Auxiliary quartet: Mrs. Charles A. Reed, Mrs. C. M. Gardner, Mrs. George McCorkle and Mrs. John Peacemaker.

Mrs. George M. Thomas is director of the program.

Fifty Voices in Methodist Organization

The full vested choir of fifty voices of the First Methodist Episcopal Church is giving a beautiful musical service at both services on Easter Sunday. Unusual interest surrounds a fine and fresh melody, "O Filii et Filiae" ("Alleluia Alleluia") which is being used as a processional. As far as is known, this has not been sung before in this part of the country. The cantata which takes the place of the sermon in the evening service is written by Frederick Stevenson of Los Angeles, who is probably the most popular writer of church music living today. This work, is all of his music, is characterized by a wonderful flowing melody, with marvellously beautiful harmonic accompaniment. Two violin obligatos have been added by Mrs. Roland, the organist, and will be played by Armine Martin.

The solo quartet is composed of Marion Hovey Brower, soprano; Elise Dana Crane, contralto; Herbert P. Mee, tenor; Robert Baxter Todd, baritone, and is under the direction of Bessie Beatty Roland, A. G. O. organist and choir director.

The program follows:

Morning

Norse Baptists Church Plans Two Services

Tomorrow there will be services as follows in the Danish-Norwegian Baptist church: 10 a. m. Sunday school, 11 a. m. morning service in the Danish language, followed by communion. The pastor speaks on the subject: "Can We Know For a Certainty That Christ Was Raised From the Dead?"

Others will be no young people meeting, but the evening service will begin at 7:30 and will be an Easter program given by the Sunday school. There will also be appropriate songs and music by the choir for the services.

The pastor will speak on the following subjects for the month of April: April 10, 11 a. m. "Jesus Whose Son Is He?" 8 p. m. "Jesus and The Community Chest"; April 15, 11 a. m. "Jesus the Healer," 8 p. m. "Jesus' Challenge to Youth"; April 22, 11 a. m. "Jesus The Friend," 8 p. m. "Jesus and The Bible."

SOLOIST WITH HARP AID TO BE CHURCHFEATURE

Excellent Easter music is promised at the Piedmont Inter-denominational church tomorrow. Mrs. Wilson Jones will sing "Easter Song" and "Oh, Wondrous Love" by Handel, accompanied by Kajetan Attil, solo harpist of the San Francisco Symphony orchestra, who will play the following numbers: Prelude (Attil) and Sketch (Renle).

The Piedmont quartet will sing: "Oh, Risen Lord" (Barnby), "Festival Te Deum" (Buck). The quartet is composed of Mrs. W. C. Carter, soprano; Mrs. C.

A. Anderson, contralto; C. A. Baker, tenor; and Roland E. Bennett, basso. W. J. Trevor is organist and director of music. Mrs. Wilson Jones was soloist on Telegraph avenue and received her early singing lessons in San Francisco, but after three years' tuition went to Europe and was under some of the best known masters such as Lamperti and Garcia, and was coached by Gounod, Grieg, Sullivan and other eminent composers.

The man who had just been married put his hand down into his pocket and took it out empty, but he recovered his equanimity as he said to the minister, "Parson, I'm sorry I don't have any money, but I can give you an equivalent. I can tell you how to fix your gas-meter so it won't work!"

Pilate said unto them, Ye have a guard: go, make it as sure as ye can. So they went, and made the sepulchre sure, sealing the stone the guard being with them. Now late on the sabbath day, as it began to dawn, came Mary Magdalene and the other Mary to see the sepulchre. And behold, there was a great earthquake: for an angel of the Lord descended from heaven, and came and rolled away the stone, and sat upon it. His appearance was as lightning, and his raiment white as snow; and for fear of him the watchers did quake, and became as dead men. And the angel answered and said unto the women, Fear ye not: for he is risen, even as he said. Come, see the place where the Lord lay.—Matthew 27: 65, 66 and 28: 1-7.

And when the sabbath was past, Mary Magdalene, and Mary the wife of Clopas, and Salome, brought spices, that they might come and anoint him. And very early on the first day of the week, they came to the tomb when the sun was risen.

But Mary was standing without at the tomb weeping: so, as she wept, she stooped and looked into the tomb; and behold two angels in white sitting, one at the head and one at the feet, where the body of Jesus had lain. And they said unto her, Woman, why weepest thou? She saith unto them, Because I know not where they have laid him. When she had thus said, she turned herself back, and beheld Jesus standing, and knew not that it was Jesus. Jesus saith unto her, Woman, why weepest thou? whom seekest thou? She, supposing him to be the gardener, saith unto him, Sir, if thou hast borne him hence, tell me where thou hast laid him, and I will take him away. Jesus saith unto her, Mary. She saith unto him, TEACHER!—John 20: 11-17.

DOCTOR CORRALES DISEASE INSECT BY NIGHT TEST

Breeder of Malady Known
As Elephantiasis Found
By San Jose Medico.

SAN JOSE, March 31.—The story of how Dr. Lincoln Corrales, San Jose physician, after chasing a tiny and elusive Oriental worm which he knew to be in the body of one of his patients for a week, finally caught it by holding special examination of the patient's blood at midnight, was being told in local medical circles today. The worm the doctor captured and still has alive is the breeder of that Oriental disease known as elephantiasis. As far as it is known this is the first case of its kind to be discovered in Santa Clara county.

Some time ago a Japanese woman, the patient in the case, appeared at Dr. Corrales' office. She was suffering from an obscure complaint which led the physician to suspect the presence of a filarial worm. All points of the diagnosis failed, but the worm was not found in many blood tests taken by Dr. Corrales and Philip M. Eastman, microscopist. Then the pair happened to remember that the worm for which they were looking was visible only at night. They accordingly tested some of the patient's blood at midnight, finding the *Elvis Sanguis* *Homini* Nocturna.

This worm causes the patient's legs to become dropsical and to look like elephant's legs. The malady is strongly confined to the South Seas, the Orient and Southern Japan, from which the patient came. Dr. Corrales declares that he believes he has discovered one phase of the disease for a known before. He says the patient recently gave birth to a child and tests of the baby's blood show that it is not afflicted, thus proving that the malady is not hereditary.

Dr. Corrales is of the opinion that owing to the more temperate climate of the Santa Clara valley, his patient will recover, although in the Orient it is generally conceded that there is no cure for it. Treatment consists of giving the patient some organic salt or arsenic to poison the worm.

Library Books Put Out as Unamerican

SAN JOSE, March 31.—Three books alleged to contain anti-American passages, two of the volumes written by Albert Bushnell Hart, were condemned by the San Jose library trustees by a vote of three to one yesterday, according to information given out last night. The books, found on the shelves of the library several days ago by James Fellom, local author and member of the board, had been removed from the shelves, but will not be burned. "National Ideals Historically Traced" and "The Formation of the Union," by Hart, and "The American Revolution," by C. H. Van Dine, were the books condemned. The members of the local library board are Oscar Martin, Mrs. W. H. Anderson, James Fellom and Miss Belle Eaton.

S. J. Police Doubt

Kidnaping Charges
SAN JOSE, March 31.—It was learned here today that J. B. Sanderson, alias James Riley, alleged to have passed numerous bad checks in San Jose and vicinity as part of check-passing activities which covered practically the entire State, is in jail in San Francisco. Sanderson, it is stated, claims that one of his children was kidnapped here and has asked the San Francisco police to return the child, an infant girl of five months. Local officers discount the story of the kidnaping, saying that they believe it is an attempt by Sanderson to get sympathy. Sanderson is alleged to have passed over 400 bad checks in California during the past few months, traveling with his wife and children in an automobile.

Bond Approved in Prune Grower Suit

SAN JOSE, March 31.—The bond filed by Superior Judge J. R. Welch in the action brought against H. G. Corbitt et al., as directors of the California Prune and Apricot Growers' Association for an injunction restraining the directors from expelling him from the association, was approved at a hearing before Superior Judge E. B. Brown yesterday. The bond, set at \$10,000, was View and Luther Cunningham of Saratoga, Judge Welch's bondsmen in the matter, were examined by counsel for both sides, and the bond was approved by Judge Welch. Judge Welch was granted an injunction against the directors by Superior Judge P. F. Gosley last Tuesday. A hearing on the injunction will be held on April 6.

Six Months Given On Liquor Charge

SAN JOSE, March 31.—Louis Cadet, the first man convicted in Santa Clara county for violation of the Wright act, was yesterday sentenced to six months in the county jail with no alternative by Superior Judge J. R. Welch. In passing sentence Judge Welch declared that all other persons convicted of bootlegging could expect to be dealt with similarly in the future, having found that it does no good to fine violators of liquor laws.

Immediately following the passing of sentence on Cadet, the defendant's attorney, Richard Bresant, filed notice of appeal. Cadet was arrested at his place on the Monterey road on January 17 by County Detective William J. Drehschmeyer and Deputy Sheriff Floyd Hoppling. Earl Hamilton and E. A. Raymond of Sheriff George W. Stark Tragedy

Last night Mamma said, "Tomorrow this little boy will be six years old, and then mamma won't have a little boy any more, but just a great big son." Bobby went to sleep in high spirits, knowing that he would be as tall as six-foot Uncle Don when he awoke, but confessed little he worried. As usual as usual as Daddy. But he awoke to find his feet still within the confines of his little bed, and it looks as though yesterday's raiment were going to be a perfect fit today.

HAYWARD

HAYWARD, March 31.—Members of the Western Squab Breeders' association, meeting in Farm Bureau hall here tonight, will definitely decide whether the association will accept the offer of a San Francisco broker to handle all of the produce of association members or whether it will attempt co-operative marketing. It is believed, by local members of the association, that the offer of the broker will be accepted by the association.

According to C. R. King, president of the association, the broker is ready to sign a contract with all members of the association agreeing to take squabs from them at a rate approximately 45 cents a pound. This agreement, if ratified by the association, will not until fall, when a new contract, with an increased rate to meet winter prices, will be negotiated.

The association, although it has been organized only a month, has already a membership of 50 squab breeders from every place in central California. Practically all of the large squab breeders are included in the organization.

Mountainhouse Will Reopen Rodent War

HAYWARD, March 31.—Farmers of the Mountain House section are preparing for their annual spring war against squirrels and rodents. It was announced today by Russell T. Robinson, county agricultural agent.

It is probable, according to Robinson, that this year's struggle against the pests will be carried out on an even more extensive scale than has been formerly.

Under the direction of A. R. Anderson, director of the Mountain House farm center, plans for co-operating with the county and national farm bureau organizations. Robinson spoke on the means of controlling the army worm in alfalfa. The army worm is a pest traveling in large droves, which are particularly destructive to alfalfa and tomatoes.

Work Starts on New Church in Hayward

HAYWARD, March 31.—Actual construction of the new home for Hayward's First Church of Christ Scientist was started here yesterday by a local construction firm. It is expected that construction of the building will be completed late in June or early in July.

The structure, designed on classical lines, is to cost \$12,000, exclusive of interior furnishings. The exterior will be finished in white stucco. The front of the building will be occupied by a foyer, reading room and gallery. The center by a large auditorium, and the rear by rooms for Sunday school classes.

Later delicious refreshments were served.

MASTER'S VOICE CATCHES DURING DEATH RECITAL

Trial of Murder Case At
Santa Cruz Goes Over
Until Monday.

SANTA CRUZ, March 31.—For a few minutes while he was describing the death of his wife from the witness stand in Superior court here yesterday John R. Master, on trial for her murder, displayed his first visible signs of emotion. His voice broke and seemed to catch in his throat, but he soon regained his composure.

Master was on the stand in his own defense the greater part of the day yesterday. He was followed by witnesses in rebuttal after the afternoon recess. When court adjourned at 4:30 the trial went over until Monday morning at 11 o'clock. Then, it is understood, the witnesses will be introduced by the prosecution in rebuttal. The jurors are expected also to view the Master home, where Mrs. Master was beaten to death the night of February 22.

When a noon hour arrived yesterday about fifty of the women spectators remained in the courtroom for the two hours until court reconvened. A number of them had brought their lunches and ate them in the courtroom. At least three-fourths of the spectators were women. Many were unable to gain admittance.

There was a dramatic moment during Master's cross-examination at the hands of District Attorney Samuel R. Jones. Jones, the prosecutor, the prosecutor with an incisive voice asked, "Is it not a fact that you murdered your wife after your relations with Mrs. Della Stahlman so that you could collect \$100,000 insurance on your wife's life?"

Master answered, "No."

Master also was asked if his wife danced, and was asked if it were true that he had been taking dancing lessons from her in the tragedy. He answered, "Yes."

Master's original explanation of his wife's death was that she had been beaten over the head by one of two robbers who had gained entrance to the Master's home. This explanation had been attacked by the prosecution. Testimony in defense introduced Orrin Moses as a witness in support of Master's statement. Moses testified that on the night of February 22, the night following the murder, he was at his home, near the Master home, and heard some one at the front door. He slipped to the front of the house and saw two men on the outside.

Master told of both his wife and himself being insured, under direct examination. He further claimed that after being knocked down and coming to he found at that time the body of his wife on the floor. He said to the jury, "I know, because I had left the bed room between the time of the murder and the coming of the police. The little nine-year-old daughter, Helen, the day before on the stand, had testified that when she came from her room the father was going toward the kitchen."

During cross-examination, his answer was "I do not remember" to almost every question. He was asked if he had been a wide variance from the truth in his statement by the daughter.

He stated that he first put his hand over her head to see whether she was hurt and wiped her face with a towel. He acknowledged that he never made an outcry for help.

Mrs. Mary Kendall, the next-door neighbor, was called to the stand by the defense, and testified that she saw the father crying and crying and of the sound as if that of a fall.

AUTOIST LIGHTS PIPE OVER GAS TANK, FIRES CAR

FRENCH CAMP, March 31.—A local autoist, Monday night, lit his pipe while having his gas tank filled here yesterday and nearly lost his car in the resultant blaze. He retained presence of mind enough to seize a shovel and smother the flames with a stream of sand. The upholstery was destroyed, but he was able to continue his homeward trip after making a few repairs.

Federal Probe
of Oil "Units"
IS WELCOMED

By ROBERT A. DONALDSON
Los Angeles Staff Correspondent.

LOS ANGELES, March 31.—Federal and state authorities of Southern California are welcoming Federal probe of oil stock schemes started by the department of justice in Washington.

Federal aid at this time will be particularly welcome, practically all officials who come in contact with oil problems declare, because of the recent appellate court decision, handed down by Judge Finckley, which practically nullified the California "blue sky" laws in regard to oil.

The court ruled that "units" cannot be governed and supervised as oil stock as any other stock is, because it "does not represent a security," but is a guarantee of profits without giving title to any principal or real property.

This ruling has let down the bars to all classes of oil promoters, who previously have been barred by the state corporation commission through refusal to issue a certificate to sell stock in unproved "oil-rich" lands.

The United States department of justice agents here held themselves in readiness to act in the federal probe. As yet no specific investigation has been outlined, as it has in Fort Worth, Tex., the center of the nation's oil "skin game" operations, but the local office is expediting the investigation to the Southern California fields at any moment.

Barbers at Salinas
Arrange New Hours
SALINAS, March 31.—According to an agreement reached here this week at a meeting of the union barbers and the proprietors of Salinas, the new hours will be after open at 8 a. m. and close at 10 p. m. on five weekdays, with 9 o'clock closing Saturdays. For several years the union shops have been closing at 6 five days and 8 Saturdays.

The additional opening hours is understood to be an answer to non-union shops, which for a couple of months, have remained open until 7, as well as part of the forenoon Sundays, charging extra for Sunday shaves and haircuts. Union shops will remain closed all day Sundays.

STOCKTON, March 31.—State Senator J. A. Cachel of Worthington, Cal., is spending the winter at the Fairmont hotel in Stockton for the position of city manager of Stockton. This is the first application. He says he is 43, has been state senator for years, successful banker and lawyer and has a family. Incidentally he says he is worth \$75,000 and would like to try living in California.

Couple Spend Day At Diablo Ranch

DIABLO, March 31.—Mr. and Mrs. Ansel Mills Easton, who have been spending the winter at the Fairmont hotel in San Francisco, spent Wednesday at their ranch, the Blackhawk, Diablo. They returned to San Francisco Thursday, taking Mrs. C. R. Leach of Walnut Creek as their guest for a few days.

TWO BLOCKS BURNED

WATERTOWN, S. D., March 31.—Two business blocks in the heart of Watertown's business district were wiped out last night by a blaze which did \$200,000 damage to the buildings and contents. The Adam store, Foto-Play theater and Smith-Hentges store were razed.

HARMLESS, BENEFICIAL OLD PORT WINE MINGLED WITH OLIVE OIL—A BUON TO GOOD HEALTH—SAY THE DOCTORS

Portwine builds up brain, nerve and body. It recharges the run-down nerve battery. It brings back the old gusto to "go get" the things you are ambitious for.

A simple, food-value, tone-up, value combination of rare old port wine and the luscious oil of the olive combined with other health-toning ingredients.

It restores vitality, wards off the body against the germs of colds and influenza and fortifies the system against those serious ailments which strike in the early months of spring when the body is at low tide. All druggists sell Portwine. Distributors: 315 South Broadway, Los Angeles.—Advertisement.

KEEPS WITHIN LIMITS.

Those who remember the request of the Government, some days ago, to be a little lenient toward the Postoffice Department, possibly wondered what was responsible. After a few days, during which there appeared no indications of the system's weakening, the subject was forgotten.

In the postoffice in Oakland and in a number of other rapidly growing places it is still a live question. To the taxpaying citizen and to all who are interested in statistics or activity which indicate local and national prosperity it is also pertinent.

The Postoffice Department is simply trying to live up to the spirit of the national budget and to the law. It has been caught by the unexpected increase of business and must finish its year within an appropriation which did not contemplate any such prosperity. To handle the increase in the mails, in those centers where industrial growth has been marked, with the same expedition that has been shown in the past would require new carriers and an increase for overtime. These things will come, but not before the end of the fiscal year, which ends on June 30. When Oakland, then, is asked to have patience, Oakland is designated as one of those communities which is growing, one of the places which will get the new carriers when next year's appropriation is available. Those who may think they have cause for complaint during the next two months may get consolation from the fact that Oakland's expansion is to blame and that the remedy is soon to come.

In its decision to keep within the budget and not pile up a deficit for next year the Postoffice Department has departed from precedent. It is applying the test to the sincerity of the public demand for economy and is setting an example by taking a law to mean exactly what it says. So far there has been no cause for complaint and this because of the cooperation of all the employees and officials to the end of avoiding a deficit. Public opinion will determine whether or not the national budget law is a success. The Postoffice Department is living within the paragraphs and spirit of that law.

THE WAY IS OPENED.

Settlement of the Ruhr problem is certain to be slow and by almost imperceptible degrees. Important, then, is each move and more important than any in recent weeks is that yesterday when Premier Poincaré sent a message to the Chamber of Deputies stating that France will examine any offer made by Germany through the allies, providing it is "precise, serious and direct."

While this may or may not carry weight, two points are significant. The French Premier says for the first time the offer may be made through the allies. Heretofore Germany has been instructed to deal direct with France and heretofore there has been no lack of definite information concerning the minimum amount to be paid. France does not commit herself to accept anything, but she does retire from the position that she would not consider any offer but one made to her and complying with the specific demands made. Now she will examine any offer made by Germany through the allies.

The Premier's statement opens the way a little wider. It is a definite move toward bringing an end to the present situation.

A CONVENTION TEST.

In Oakland and in San Francisco committees are listing homes in which delegates to the National Education Association's convention may be housed. This is one of the most important activities in preparation for the influx of thousands of visitors and one upon which the good names of the two cities for hospitality and for ability to accommodate large crowds depend.

If the committees are able to find more homes in San Francisco than they do in Oakland, that city will be entitled to be host to more of the

delegates. In this case there are so many coming that a complete canvass of both cities will be necessary and all of the available places listed. It must be remembered that there will be 20,000 of more delegates who will be attracted to the Bay cities by the N. E. A. convention and also by that of the World Conference on Education, to be held at the same time. This is a larger assemblage than was here for the Democratic convention, larger than that which came with the Shiraz.

It is to be hoped each city will answer the call to its utmost so that the Eastbay and San Francisco will have passed the greatest test put to it as a convention center, and that the country may know this section can easily accommodate the visitors to the great political conventions, concerning which decisions are soon to be made.

A WOMAN ANSWERS.

"Why in these days of the vacuum cleaner should marriage become a dust heap?"

In this question, put by a Los Angeles woman to the English college student who in Berkeley applied the dust heap description to matrimony, there is also a full measure of answer. The British student, it will be remembered, took his cue from better known men who have visited America from his home land, and assumed an immediate knowledge of conditions and customs in the United States. He stood on the Berkeley campus and, in a few oddly selected words, shattered more metaphors than a freshman class in English. The gist of it all was to warn the girls of America not to throw the gems of their intellect on the dust heap of marriage and recede into the backwater of complete mental stagnation. In justice to the young man it may be said he uttered other remarks which included some simon-pure metaphors and a weight of sense. The dust heap part was the only one which stirred the clouds, and the critics.

In increasing numbers women are refusing to make a dust heap of marriage, but it is not by remaining single, as the young visitor suggests. The list of the brainiest women in the country, as one woman pointed out, shows most of them married. Married women are continuing in their education and are contributing notably in the fields of art and industry. "Why, in these days of the vacuum cleaner, should marriage become a dust heap?"

The young visitor should take this question home with him. Perhaps, by the time his ship touches the other shore, he will have seen the point.

BULGARIA'S EXAMPLE.

The decision of Bulgaria to pay its war debts, in a way, is of more importance than the recent agreement with Great Britain. The world knew England would settle accounts and England has agreed to pay sums owed to her allies. Bulgaria is paying indemnities to her former enemies. She is the first of the Central Powers to admit a military defeat and to agree upon terms of settlement.

In sixty years Bulgaria must pay 550,000,000 gold francs and the annual payments will be guaranteed by the customs revenue of the state. The plan is for the customs revenues to move into the Bank of Bulgaria which will deduct the sums required to meet the reparations claims and turn the rest over to the Government. It is a business-like and straightforward scheme.

The creditor nations are Great Britain, France, Italy, Greece, Roumania and Serbia, the last named having the smallest amount coming. Yet that amount to Serbia is sorely needed to help to reimburse her for the large amounts she has spent to restore the country to something approaching normal conditions. Bulgaria was reduced in area during the war and has a large domestic debt. Payment of the war debt will constitute a heavy burden. The agreement indicates the belief of the new Bulgarian government that it is better to fix terms of settlement at once than to wait and be forced to pay additional costs. There is no longer any uncertainty regarding terms and time and Bulgaria may make its plans.

JAPAN TURNS DOWN CHINA.

As was expected, Japan has rejected China's proposal for reconsideration of the treaty by which Peking in January, 1915, acceded to the famous "Twenty-one demands" made by Tokyo. The firmness of the Japanese refusal emphasizes the Mikado's ministers will not consider any changes in the present terms of the pact and intimates they will regard almost as an unfriendly act any further effort to nullify the agreement.

China's insistence on revocation of the treaty has been based on the claim that she was coerced into signing it and on the assumption that developments virtually have invalidated it. Peking, it will be recalled, was reluctant to sign the pact, but Japan, which as one of the Entente Allies was Germany's most formidable foe in the Far East, had the diplomatic support of England at the time, and China was in no position to disregard Britain.

The twenty-one demands originally gave to Japan all German rights in Shantung, valuable railroad concessions there and in southern Manchuria, commercial ports, special trading privileges and mining rights and a measure of political, financial, military and police control in certain districts. Since the armistice, modifications have been made in nearly all the demands, but the essential rights and privileges covered by most of the concessions are still retained by Japan. The restoration of Shantung to China is what encouraged her to believe that the treaty could not be abrogated, at least could be altered to her advantage.

Tokyo's rejection of Peking's proposal finally settles the matter. Neither America nor any European power is inclined to intervene in China's behalf, and she is quite incapable of helping herself.—Seattle Times.

Book Notes.
People are being asked to pick out the Ten Best Books again.—No sooner does one of these popular intellectual orgies sizzle into oblivion than some publisher's accomplice sees to it that another one starts.

Among the best, in our estimation, are the Bible, Shakespeare, Weems' "Life of Washington," which should always be read by the light of a pine knot; Bunyan's "Pilgrim's Progress" and "The Old Soak."

After these come hundreds of books that we dip into from time to time, but we cannot say that we care very much for most of them.—Or, if we are interested, the interest does not stay with us very long.—But we are glad to get books from publishers.

We do get them, in fact; dozens of them.—They are sent to us in the hope that we will say something about them.—And sometimes we notice them, and sometimes we don't.

But here is a tip for the publishers: We can use red books—that is to say, books in red bindings.—The living room of our humble home needs what the interior decorators mean when they say: "Just a little note of color."—Right here! What? Don't you think so? Yes! A little red! Don't you think?

We can use about three hundred medium sized red books in the next year or so, and while we do not absolutely promise to notice every red book sent to us in that time, we do throw out the hint that the red books will stand a better chance than those of any other color.

Books as fuel have always been a disappointment to us when burned in an open fireplace.—You have to stir them so much.—Or else you have to get such a roaring fire of logs going in order to burn the books that there is absolutely no economy in it, considering what wood costs per cord nowadays.

But books burned in a furnace, when coal is dear and hard to get, that is another matter.—They don't fluff away in the flames as quickly as you might expect.—Of course, you must have enough coal to get them started.—Take it all in all, the publishing business has meant a good deal to us during the past winter, with coal at \$16.75 a ton.

We are willing to promise, however, that we will never burn a red book.

And here is another thing about books that may be of interest to reviewers on newspapers, and, incidentally, to publishers: they turn very readily into a kind of paper mache.—They gum together, and harden, beautifully, if you take a bit of trouble with them.—We have a little flower garden, and it needed a walk through it and around it.

Everybody else in our suburb uses books for that sort of thing, but we are using books.—Don't lay them flat.—Stick them up on their ends.—They sort of jam together when it rains, and then the jam gets so hard that the next rain doesn't hurt them any.—We don't wish to complain for the publishing trade, but they are not putting as good paper in their books the last few years as they did once.

At first we thought that we would have the garden walk entirely of books of poetry.—It seemed a sweet idea, if you got sentimental streaks.—We have the roses, then the poets.—Here you know!—but books of verse are so thin, as a rule, that we had to abandon that idea.

And then we thought we would make it of first editions only.—But we gave that up as swank; it seemed, on reflection, rather ostentatious.—We did not even consider making it of autographed copies sent us by our friends who are also employed in the prose-and-verse writing lines of trade, for we have a sentiment about such volumes.—We would not put them to mechanical uses for anything; we always tear the autographs out of them and use them for Christmas presents.

Emerson says: "Books are the best things, well used."—And we agree with him.

And Sir John Denham (whoever he was) remarks:

Books enduce:
For wisdom, piety, delight, or use.
—And Beaumont and Fletcher remark:

"The place that does contain
My books, the best companions,
Is to me

A glorious court."
We glean these quotations from Hoyt's "Cyclopedia of Practical Quotations" just received from Funk & Wagnall. It is not a red book, but we are going to keep it in the house. It has a lot of short, snappy stuff in it like that, that ought to give us ideas for things to write about. Thanks. And don't any of you other publishers get discouraged. In one way or another, we can use all you send.

DON MARQUIS.

DEATH OF A SCIENTIST.
Sir James Dewar, noted English scientist, died March 27. Sir James was the co-inventor with Sir Frederick Abel of the smokeless powder adopted by the government. He also, prominently known as the thermos bottle. His contribution to chemical knowledge received recognition from scientific societies in England, the United States, France, Italy and Germany. He was in his sixty-first year.

EXCERPTS from the NATIONAL PRESS

Portland Oregonian: "The convulsions of these times have brought about no more interesting interview than that between Judge Elbert H. Gary and Benito Mussolini. The one is head of one of the greatest—perhaps the greatest—combination of capital in the world and may be regarded as the personification of what the reds call capitalism. The other is a blacksmith's son and was formerly the fanatical leader of Italian socialists, but his love of Italy started a change which ended by making him the most determined foe of his former followers—the premier who is to regenerate Italy by leading it back of individualism."

The Louisville Courier-Journal: "Screen your open grate fires in winter, swat the flies in summer, stop, look and listen at grade crossings, don't start the kitchen range fire with the kerosene can, keep your nose out of other folks' business and maybe you will live to be run over by a drunken joyrider."

Kansas City Times: "The Interstate commerce commission has ordered the railroads to pay to the government one-half of the amount by which their earnings exceed a 6 per cent return on the value of the investment. But don't get excited. The government will need the income tax just as usual."

Medford Mail-Tribune: "All doubt regarding the testatorial power of this vicinity has been removed by the purchase recently by tax-ridden citizens of highly essential blue blooded cats and \$80 dogs. In not a single instance are the owners bootleggers or proprietors of gasoline slugs."

Chicago Tribune: "Elihu Root, as speaker before the new citizens' committee on foreign relations, explained as the purpose of the organization a plan to get into the hands of the American people a series of facts which form the necessary basis of our foreign policy."

Boston Transcript: "Thirty-three handsome, intelligent and useful State police have been added to the force, which means one new policeman to every 115,733 inhabitants of the State. We tremble for our liberties."

Boston Transcript: "The State Department decides that Germany cannot make the Leviathan part payment for the cost of the American watch on the Rhine. That great and gallant ship is not to be regarded as an international pawn ticket."

Two hundred sixty-seven guests attended the opening afternoon of the Child Health Center birthday party, while 185 babies appeared and were examined by the six physicians in charge.—Vallejo Chronicle.

The well-known J. F. Tyler once was a successful man. He sold a few months ago to W. T. Baird of Chicago who is going into the pigeon and poultry business. The Tyler family have taken up their residence in San Francisco.—Hayward Journal.

The foothills of the Sierra Nevada has everything that nature has to bestow upon a favored spot, but they haven't enough tourist visitors. If that class ever discover the Sierras' wonders they will flock there in droves.—Hanford Sentinel.

Evidence of the serious intentions of the Central Pacific railroad to proceed with the construction of a new main line route over the Siskiyous should be sufficient to develop the commercial opportunities that it now has in southern Oregon.

The timber belt about Klamath Falls has been directly tributary to California ever since railroad communication was first established with that rich territory. Legally it has been a part of the state of Oregon but its trade and civic interest has been in California and a great part of it in Sacramento.—Sacramento Union.

WERE YOU A SUCCESS TODAY?
You would be a success tomorrow? But that is so far away.

And whatever the task, this is what men ask:
Were you a success today?

You would come to the greater credit.
Big deeds shall your merit tell. But today, my lad, with the task you had;

Would you say that you did it well?
Tomorrow you'll rise to splendor, Tomorrow you'll win, you say? You will do your best with the larger test—

Did you do your best today?
You would come to some fine achievement, And truly I hope you may, You will prove your worth on this fine old earth—

Did you prove your worth today?
Don't wait for some far tomorrow. Success isn't built that way; Fame shall come to you by the things you do.

So how did you serve today?
You would be a success tomorrow. Look back at your work and say, Can you hold your pride in the way you're tried.

Were you a success today?

BASEBALL FIFTY YEARS AGO.
Those who take much for granted are likely to have had a little shock of surprise on reading in the "Fifty Years Ago" column the call for a meeting to organize a baseball club for summer practice. "None but those conversant with the game," said the announcement, "will be allowed to join," a prudent reservation then, though it would seem obviously unnecessary now. The item reminds us that there was a time within the memory of men still living when baseball was not our national game, when not every man and boy and most of the women and girls knew a little about the rules and a good deal about the players they raised to the ranks of popular idols, and when the newspapers had no sporting pages because sport in any organized or professional sense had not yet been thought of.

It is true that the formal history of the game runs back a century or so, but baseball in its early days was not the game that we know now, nor had it its quality of entertainment taken hold of the popular imagination.

The first professional team that ever traveled—the Red Stockings of Cincinnati—was but five years old in 1873, when the item in question was written, and the "national league of professional baseball clubs" was not formed until three years later, in 1876. But it will seem even more noteworthy, in view of the later amazing success of the game, that as recently as 1890 there were grave doubts as to its general acceptance.

The process of refinement of the rules was tedious and uninteresting. It is now recalled that in the early '70s to and even 100 runs on a side were not uncommon; a game between college nines in that period in which the score was held as low as 13 to 8 was regarded as remarkable. This is in sharp contrast to present-day baseball as every American knows it.—Portland Oregonian.

Madge—So you're never going to doubt Charles any more?

The rain which has visited the vicinity of San Leandro for the past few days has had different effects on the crops, according to the location of the land. Farmers near Hayward are reported to be jubilant over the rain.

SEEKING LITTLE THINGS.
Germs are as properly referred to as little "bugs" as they are as little plants. Perhaps they multiply rather more rapidly than guinea pigs or meaquites or mites and lack the means or facilities for travel which these higher classes enjoy, yet nevertheless it is my judgment as a botanist that germs are as rightly called animals as plants.

Not that it makes any difference what we call them, little they care. All they ask of us is that we shall attend to their transportation; that we do with a degree of efficiency which must be gratifying to the microbes. We fetch and carry them everywhere—if a man were endowed with ultra microscopic vision he would probably succumb to a bad attack of delirium tremens from gazing upon the hordes of prodigious cocci, bacilli, spirochetes, and other hideous monsters he would encounter everywhere. However, the one great drawback about microbes as animals or bugs is that they can't crawl. A highly developed and terribly virulent diptheria or pneumonia germ, for instance, can't budge the smallest fraction of an inch to get at a likely victim.

Disease germs are in the sad plight of being all dressed up ready to do their damndest and no place to go unless somebody kindly gives them a lift. They are utterly incapable of getting anywhere at all save when conveyed to the spot by some agency; as a general rule it must be an animate conveyor, man, animal or insect, which provides comfortable lodging en route.

Inanimate things are not good carriers of germs because they do not keep the germs warm and moist; it is good night for the average disease germ when the temperature falls much below that of the human body or the environment goes dry. Things are poor germ conveyors because travel on them is likely to expose germs to light; diffuse daylight kills most disease germs in an hour and direct sunlight kills them in a few minutes.

The man with the microscopic eyes might grow accustomed to being haunted by hordes of helpless but hideous monsters—the first million would be the worst—but could he retain consciousness while watching the constant swarming of the monsters in droplets of spray given off when people cough, sneeze, talk or laugh with, at or upon one another? Could he preserve his sanity while watching a hand covered with monsters just lodged there in a lick of saliva, transferring the dangerous freight to another hand, the hand of a friend mayhap? Even if he could, it would scarcely be worth while, for the man would surely begin to rave at the inevitable appearance of a cook or waiter or other food handler garnishing the dish with typhoid bacilli, innocently and unwittingly, as typhoid carriers are wont to work.

I often wonder what the cat drags into the parlor. I like cats, if not parlor cats, a cat, to my way of thinking, is calculated to make a very competent germ carrier. Cats have, or take, such liberties and are so neighborly and affectionate and all that sort of thing. Dogs I like, too, but I know dogs carry disease germs, for I have taken a culture and found that the dog had diptheria bacilli in his throat. Isolation or quarantine too often fails to restrain these potential carriers.

No, this isn't microbiophobia. It is just hygiene. I'm going to tell you when I get to it, how to be resigned and happy although completely surrounded by germs.

TODAY 20 YEARS AGO
The rain which has visited the vicinity of San Leandro for the past few days has had different effects on the crops, according to the location of the land. Farmers near Hayward are reported to be jubilant over the rain.

George Randolph, candidate for the board of education, has filed his certificate of election.

Frank Storor of Elmhurst has been chosen as a delegate to the State Convention of the American Union of Teachers.

Indications are that this year's enrollment at the summer school of the University of California will be much larger than last year. The figure for last year was 830.

DUAL TRACK MEET AT BERKELEY NEXT SATURDAY TO BE FEATURE OF THE PRESENT SEASON

Nebraska U Track Stars Due Monday

Cornhusker Athletes Will Spend Week Here Preparing for Meet.

UNIVERSITY OF CALIFORNIA, March 31.—The University of Nebraska track squad will arrive here Monday to go into training for their meet with the California Bears next Saturday. Graduate Athletic Manager Corteyou last night received the following telegram from the Cornhusker manager:

"Nebraska team will arrive San Francisco Monday morning, 9:30. Southern Pacific Park. Please arrange for noon lunch. Plain training best."

(Signed) "H. D. GISH." Coach Henry Schulte will have five days in which to get his men in trim for Walter Christie's Bears. The Nebraska team will go through their first workout Monday afternoon on California Oval. Change in climatic conditions will probably have little effect on them, if they can judge by the way they trimmed New Mexico, 107 to 15, taking every first place.

During their six-day stay in Berkeley, they will maintain training quarters at one of the fraternity houses on the campus. The team will leave for Lincoln immediately after the meet.

The Nebraska party consists of twenty-two men, as follows: Allen, Crites, Coats, Gardner, Gleason, Hartman, Hartley, Kenner, Lloyd, Lukens, Loyton, Lear, Noble, Parks, Slemmons, Smith, Treasler, Turner, Weir, Coach H. F. Schulte and Manager H. D. Gish.

LOS ANGELES, March 31.—Athletes of the University of Nebraska track team, en route to Berkeley for their meet with the University of California, April 7, tried their tricks on California dirt yesterday in a workout at Occidental college. Occidental track and field meet, together with a number of other school performers, were on hand to furnish a little informal competition for the visitors, who responded with an exhibition of form and speed that drew much favorable comment from the sidelines. The Cornhuskers were characterized by critics as the most promising aggregation of point winners ever sent here by an eastern university. Today the visitors will meet five athletes in another informal practice affair.

Records Continue To Fall in A. B. C.

MILWAUKEE, March 31.—Yesterday's play in the American Bowling Congress tournament established two new world's records. F. Wilson and C. Daw of Milwaukee rolled into first place in the doubles event. Daw was high man on the team with a total of 727. While coming through with 621, G. Salorus and W. Helzsoh, Peoria, formerly held the record. Wilson and Daw are members of the Nelson Mitchell team of Milwaukee, which established a new world's record for that event.

Two clubs in the list of leaders in the singles event took place. G. Neuman of Milwaukee and L. Marino of Brooklyn, N. Y., gained second and fifth places respectively. Neuman had 621, Marino 217 and 254, and Marino games of 255, 241 and 210.

Not content with being on two world's record teams, C. Daw of Milwaukee, all-events all-around leader, in the five man, Daw rolled 655, he counted 727 in the doubles and in the singles he scored 802.

Idora Swimming Club Organizes

Interest in swimming is reviving. With the opening of the season the Idora Swimming club is being organized.

Headed by Ike Kellipio, the swimmers have an opportunity to take a number of trophies during the season and they are now preparing to enter a number of events at the Olympic club meet next month.

Competing contestants in the 50-yard event are Ray York, Berling Stewart and Bob Edwards, while H. Algers will be counted to take care of the 100-yard event. Bruce Cunningham, New Haven, and Ed Libby are showing up best here yesterday in the 200-yard diving, and Al McCarey is preparing to do his stuff in the 220 and 440 yards.

"The girls who are showing up to best advantage are Edna Vance and Helen Mearns, each of whom promises to make a good showing this summer."

ARMY IN FINALS
DEL MONTE, Cal., March 31.—The Army polo team of the Hawaiian Islands went into the semi-finals for the Pebble Beach cup novice events, in the Pacific coast polo championship play here yesterday.

The four from Fort Bliss, Tex., 13 to 6. The game was one of fast ponies and the Hawaiian animals bested their American competitors.

VALLEJO HI LOSES
High school baseball nine was defeated at the navy yard yesterday afternoon by the Marines to the tune of 10 to 4.

Swim Season Opens; Girls After Records

Hilda Curtis Expected to Star With Neptunes During the Year.

The "swimming stage" is all set for the opening of the season at Neptune Beach tomorrow. The list of events includes a 50-yard junior women's free style, P. A. A. championship, 150-yard junior back stroke, P. A. A. championship and a 50-yard free-style open event.

The eyes of the Neptune club are turned toward Hilda Curtis, phenomenal little star, depending upon her to again bring home the major part of the Pacific Association senior championships this season. Jennie McDonald, another Neptune girl, is fast coming to the front.

WAS BIG WINNER.
Last year Miss Curtis, single-handed, brought the Neptune club up into third place. It was not until the close of the season that the opposing clubs caught her and placed her in third position.

To date the little Alameda girl has devoted practically all of her time to middle and long-distance swimming. She has tried springing but did not find it to her liking. From distances ranging from 225 yards to one mile she was without a peer in this division of the A. A. U., while in the Pacific Coast championships it took a national champion to show her the way to the tape.

HOLDER OF TITLES.
Several of the more prominent titles held by Miss Curtis are the indoor 220, 500 and 850-yard titles. The last season she won several second places in the spring.

Miss Curtis was beaten for the individual high point score for the Pacific Association by Florence Friesenhausen by only a half point. This win for the Pacific Swimming club girl was equaled largely through the versatility of the latter, she having won the backstroke and sprint titles as well as claiming three points in the relay event.

Neptune club members look for the little 15-year-old swimmer to annex national titles in another year.

Today the visitors will meet five athletes in another informal practice affair.

GOLF

By W. D. McNICOLL.

Yesterday was women's invitation day at Sequoia and despite the fact that Diablo and Berkeley had held similar events last Wednesday and Thursday 26 entries were received for yesterday's 18 hole medal play sweetstake which was a handicap event.

The players were divided into three flights according to their handicaps. In the first flight Mrs. E. D. Porter had the best gross score of the day, her 102-16-36 also gave her low net in the first flight. Mrs. Porter has not played much during the winter months, but her present form would indicate that she will figure conspicuously in this year's open events.

Mrs. Hugo Lorber, who was second in the first flight with a net score of 30, did not play up to her usual level. In the second flight Mrs. A. E. Lorber secured first place with a net score of 36, her nearest opponent was Mrs. Roy Reed with 32 net.

Three prizes were given to the third flighters. Mrs. J. G. O'Brien, 33, easily outdistanced her nearest competitors. Mrs. T. Harry Smith, 95, and Mrs. M. A. Turner, 96, being placed 2d and 3d respectively. Many of yesterday's competitors were obviously over-gassed and failed to play up to their regular standards.

Mrs. C. F. Jarvis, Mrs. George Vesper, Mrs. W. H. Berg and Mrs. Wyman Taylor made no returns.

Among others who competed were Mrs. James S. Osborne, 20, Mrs. C. F. Jarvis, Mrs. Lee Dunham, 98, Mrs. Dowd, 99, Mrs. Milton Johnson, 100, Mrs. Summer Woody, 103, Mrs. F. L. Dettman, 104, Mrs. Roy Shurtliff, 105, Mrs. E. E. Jackson, 106, Mrs. O. E. Ellinghouse, 107, and Mrs. H. E. Jackson, 112.

Ideal conditions favored the players, but as already stated many of those present had played 18 holes three days in succession, which had something to do with it.

The high scorers, Mrs. Wyman Taylor's putter refused to do her bidding although her long game was quite satisfactory. Mrs. H. A. Prole seldom figures in the no returns but apparently the fates were unkind to her yesterday. Mrs. H. C. Meek with her colored-handicap failed to live up to her recent form and made no returns.

Easter week end at Diablo invariably furnishes an attractive series of events. Family parties are numerous to witness the children's games. Men and women golfers usually participate in impromptu sweepstake golfing events.

Murray Will Be Given Reception

Daniel J. (Red) Murray, who won the national hand-ball championship at St. Paul, Minn., and his team mates, John J. Donovan and Lane J. McMillan, who also figured in the tournament, will be given an enthusiastic reception on arrival in San Francisco tomorrow. The three players went to the tournament by the club.

WICHITA IS WINNER.
WICHITA, Kan., March 31.—(Exhibition.) Wichita (Western League), 16 to 10, defeated Tulsa (American League), 11 to 4, (10 innings).

Batteries—Sherman, Black, Knight and Crosby; Ennis; Upton, Anderson and Ruth.

Alameda Champions to Open Tank Season

Swimming will start tomorrow at Alameda with the first meet of the season at Neptune Beach. Two of the fair mermaids who will be seen in action at the Island City tank tomorrow are shown here. LUCILLE WOLD (at the left), and HILDA CURTIS (right), are two of the Alameda mermaids figured to feature a few records this year. Hilda Curtis was the sensation of the coast last season and the Alameda girl should have a big year in competition in 1923.

Bill Cunningham, O'Connell Alternate

NEW YORK, March 31.—Zach Wheat, veteran outfielder-captain of the Brooklyn Robins has signed his contract for 1923 and today rejoined his men in New Orleans.

Jimmy O'Connell, the \$75,000 player purchased from San Francisco, will share the New York Giants' center field with Bill Cunningham before the team left San Antonio for its northern trip.

O'Connell, a southpaw batter, will be used against right-handed hitters.

O'Brien Wins in Hollywood Fight
LOS ANGELES, March 31.—Will O'Brien, Los Angeles 123-pounder, won a decision over Larry Murphy, also of Los Angeles, in the main event at the Hollywood American Legion stadium last night. In the semi-windup, Young McGovern, New Orleans lightweight, won a close decision over Young Dick House, of San Francisco. Pete Herman, Sacramento, Cal., bantamweight, knocked out Mike Solano, "the pride of Mexico," in the first round of a special preliminary.

Mallory Tour Concludes With Another Defeat

CANNES, France, March 31.—(By The Associated Press.)—Mrs. Molla Blumsted Mallory yesterday ended her tennis campaign on the Riviera by again meeting with defeat—this time in the mixed doubles. Paired with Baron di Morpurgo, the American champion lost to Mrs. Satterthwaite and Jack Hilliard, 5-7, 5-7.

Mlle Vlasco defeated Senorita de Alvarez, 2-6, 5-4, 6-4 in the women's singles. Mlle Vlasco is the victor.

Yet twenty years old, who defeated Mrs. Mallory in the singles on Thursday by a score of 5-6, 9-7. Senorita de Alvarez is a sensational 18-year-old Spanish player. She has taken one set from Miss Elliza, both Ryan, the Californian, in each of the two matches in which they have met. Both Mlle Vlasco and Senorita de Alvarez are considered by the experts as "comers."

WHITE VS. WILLIAMS
CHICAGO, March 31.—Charlie White, Chicago lightweight, and Jimmy Williams, of Brooklyn, were matched yesterday to box ten rounds in the main event of a boxing show to be staged here by an American Legion post on April 6.

Harold Smith, Chicago bantamweight, and Eddie Coulton, of New Orleans, will also meet in ten rounds in the semi-windup.

LORD WINS TITLE
NEW YORK, March 31.—Robert 34, Lord of the Illinois Athletic club, Chicago, last night won the title of national amateur three-cushion billiard champion by defeating Arthur V. Ryan of New York, 50 to 41 in 55 innings. Lord had high run of 5, 4, 1, and Ryan of 5, 3.

CLAUDE WILLIAMS IMPROVES.
CHICAGO, March 31.—Claude "Leaky" Williams, former pitcher for the Chicago White Sox, who is ill with pneumonia in a hospital here, was reported as "feeling much better" today.

Sam Langford To Box Savage This Afternoon

By FREDERICK G. NEUMEIER
United Press Staff Correspondent.

MEXICO CITY, March 31.—Sam Langford, the veteran "Boston Tar-baby," who is older than anyone knows, and Kid Savage, a 24-year-old Californian, are to battle in a final fight here this afternoon for the heavyweight championship of Mexico.

Seating accommodations for 6000 spectators have been arranged in the Chapultepec hill ring and the who was for many years one of the hard hitting fighters in baseball. I believe he will hit as well as O'Connell.

Gene Valla is now recognized as one of the greatest outfielders in the league. Joe Kelly and Pete Campbell, the two remaining outfielders in the club, are each far above the average outfielder.

Everything considered, the average strength of our club for the whole season will be much greater than the average strength of last year.

Although I believe the race will be closer than during the last season I nevertheless believe San Francisco is going to again win the pennant.

ON SLOW REINTEGRATED.
PITTSBURGH, March 31.—Jack Onslow, former manager of the Mahoning City Steel League club, has been reintegrated by Commissioner Landis, and eleven tonight to join the Portland Pacific Coast league club. Onslow was suspended in 1912 for jumping a reserve clause with Kansas City.

Players Want Majors Ready Representative To Start Home From South

First Gun Fired by New Union: Cannon Fights For Players.

Training Season About Over; Campaign Will Commence April 15.

CHICAGO, March 31. (United Press.)—Major league baseball players, through their "union," today demanded representation on the national commission, the chief ruling body of the game. The commission is now composed of K. M. Landis, national commissioner; Ben Johnson, president of the National League.

The formal demand for representation of players on the commission coming just before the opening of the 1923 season was in the form of a "resolution" adopted by the National Baseball Players Association. It was forwarded to the national commission today by Raymond J. Cannon, Milwaukee attorney and organizer of the union.

In a letter to the national commission, accompanying the resolution, the players' union executive board stated:

This demand is not made for the purpose of fomenting trouble, but purely from the conviction that the granting of such a demand will be to the interests of every one concerned.

It was thought that such representation was absolutely necessary in order that players may be assured they were fairly dealt with by the owners.

You have made the laws and regulations binding upon the ballplayers without the players being given a voice in the creation of laws governing them. You have sold the services of the players' contracts and have passed upon all vital baseball problems which directly affect the players and rendered decisions without the advice and consent of the players.

At a meeting of the executive board of the players' association, it was decided that the best means to secure co-operation of both players and owners and to make for a peaceable understanding and to insure the best possible baseball for the public, was to have the players represented on your body. In this way, it was thought, friction could be avoided and interests of both sides reconciled.

The national commission was asked to take the matter up for "early consideration."

The resolution asks that the players' association be given a "seat, voice and a vote" on the national commission, with full power to participate in all its business and sessions.

By HENRY L. FARRELL
(United Press Staff Correspondent)
NEW YORK, March 31.—That part of the spring training which consists merely in getting ready for exhibition games has been finished and most of the major league clubs are getting ready to move northward.

Shore spring training in these commercial days seems to be for the primary purpose of preparing for exhibitions, most of the teams might be considered to be ready to start the season now.

Reports from the south indicate that John McGraw has his New York Giants in splendid condition to go after their third successive pennant and they may be in better shape than any of their rivals to get away in a good start.

The Giants are well fortified with reserve material and McGraw is in a position to worry less about accidents, and breaks than any other pilot in the National league.

DONOHUE IN FORM
Reports from the training camp of the Cincinnati Reds indicate that Pete Donohue, first baseman, is in great form and that means much to the pennant chances of the club.

The Reds did an unusual thing for a major league club by spending \$5,000 last winter to get Donohue in condition. Last year he was in poor health and at the end of the season the club physician said the doctor was "wasting away."

Gary Hermann then offered to pay his expenses for "roughing expedition" in the north and Donohue came out of it thoroughly recovered.

Reports have been made that something will be done to keep Moran from using Rube Benton next season, but they are considered idle chattering as Commissioner Landis has given him permission to play and any move to get out of the commission would not get very far, as he has the last word.

YANKS NOT READY
All of the American league contenders are in good shape, with the exception of the New York Yanks. Had weather encountered in New Orleans by the American league champions, set Miller Huggins weeks back in his work and imposed a heavy handicap on the team. The long exhibition series with the Brooklyn Robins may wear the team around the shape, but two weeks of overnight jumps isn't the most approved method of getting players in shape.

Miller Says the S. F. Seals Are Much Stronger

By JACK MILLER
Manager San Francisco Baseball Club
(Written for International News Service.)

SAN FRANCISCO, March 31.—The San Francisco club opens this season this year with a team fully 100 per cent stronger than the one which inaugurated the 1922 season.

Last year at the opening we were relying on three pitchers, Dick Davis, Claude Gillenwater and J. H. McGraw, as our regulars. They failed and their places were taken by Harry Courtney, Pat Shea, Douglas McWeeney and "Shovel" Hodge.

The latter four, with our other regular pitchers at the end of the season, formed one of the strongest pitching staffs in the coast league. We are starting this season with the same pitching and catching staff as last year.

When the '23 campaign opened, we had no shortstop—our infield was not completed. Hal Hixson, who later proved to be the sensation of the league, was an uncertainty and Elmer, our first baseman, opened the season at short.

The infield today with Ellison back, Kilgus on second, Kilgus at short and Floss Kampor on third is in my opinion easily one of the best in the league. Of course we are opening without Willie Kamm and Jimmy O'Connell. In Kamm's place we have Floss Kampor, a catcher who has fielded, exceptionally well, has a great arm and has been hitting very well in the exhibition games.

In replacing O'Connell, we purchased for many years one of the hard hitting fielders in baseball. I believe he will hit as well as O'Connell.

Gene Valla is now recognized as one of the greatest outfielders in the league. Joe Kelly and Pete Campbell, the two remaining outfielders in the club, are each far above the average outfielder.

Everything considered, the average strength of our club for the whole season will be much greater than the average strength of last year.

Although I believe the race will be closer than during the last season I nevertheless believe San Francisco is going to again win the pennant.

ELITE WIN GAME.
In an exciting, evenly fought game, the "Elite Nine" defeated a picked team from the Oakland High school in the central section of the California Intercollegiate Federation, last night eliminated Sutter City, northern section title holders, 32 to 22, and next week will play at Berkeley and the University of California, honors. Fresno will represent the south in the final game.

Rail Heads Vote

Fees For Lost Jobs
OTTAWA, March 30.—Acting Minister of Labor Graham announced in the House of Commons today that the railway board of directors of the Grand Trunk Railway had voted to pay \$200,000 in fees and gratuities to themselves to compensate them for loss of office through the abolition of the road by the Canadian government.

The action was taken, Graham said, after the board had voted to pay \$200,000 in fees and gratuities to themselves to compensate them for loss of office through the abolition of the road by the Canadian government.

ROBERT WARWICK

MADE GUEST OF
CITY OF OAKLAND

Actor Who Will Star in Press Club Show Is Given Official Welcome.

By WOOD SOANES.

Robert Warwick has been formally presented with the keys of the city.

In other words the eminent American actor who is to be the bright particular star of the first annual Press Club Show at the Auditorium theater on Monday night, will be an ex-officio police reporter during his stay in the city as dramatic guest artist at the Fulton theater.

When the actor arrived from New York yesterday he was met at the Sixteenth street station by a special reception committee headed by Mayor John L. Davis, and after being formally welcomed by the chief executive he was presented with a press badge with full authority by Chief of Police James T. Drew.

Immediately after the ceremony participated in by representatives of the city and county government, the Chamber of Commerce, the American Legion, the Veterans of Foreign Wars, the Disabled War Veterans and the Press Club, Warwick went on an official tour of Oakland as the guest of the mayor.

ACTOR SEES CITY.

The automobile tour included a visit through commercial and industrial Oakland with a ride over the Skyline Boulevard, returning through the residential district. The party disbanded at the Hotel Oakland where Warwick will occupy a suite during his stay at the Fulton.

Warwick, who rose to the rank of major during the world war, expressed himself as surprised at the growth of Oakland and was delighted with the view of the city and environs from the crest of the Skyline Boulevard where he has hopes of building a home.

It has been fourteen years since I was in Oakland," said Warwick, "and it seems incredible that a community could make such rapid strides in that brief period. It seems like yesterday that Oakland was little more than a healthy town. Now it is a metropolis. In the east I hear its praises sung continually but it really requires a personal visit to appreciate its merits.

"You who are enjoying the beauties of Oakland really do not appreciate it. You really don't go back east at this time of year (there was a blizzard in New York the day I left) then start back spending four days on a stuffy train and then step out into this Paradise and you will realize what you have. This visit will ever be memorable to me. I cannot emphasize too greatly my appreciation of Oakland's hospitality."

AT PRESS CLUB SHOW.

Warwick makes his first public appearance on Monday night as the headliner of the Press Club Show. The following day he will start rehearsals on "The Masquerader," in which he is to open his season at the Fulton. In addition to Warwick on the Press Club program there will be a variety of acts.

The University of California Glee Club will appear in a big singing and musical act. "Bull" Montana, "Chuck" Kellner and "Dinky Dean" are coming from the Hunt Stromberg studios in Los Angeles for a comedy act; Frances Kennedy, headliner of the Orpheum, will be the principal comedienne; the community orchestra will give a concert; Ned Doyle, comedian of the Fulton, will provide an act; and Leona Schultz the girl xylophone genius, will play her art on the instrument.

The big local feature of the entertainment is to be the sketch "One Fourth of One Estate," presented by the news writers of the bay region. It is a delicious satire lampooning all of the celebrities whose names are familiar to the readers of newspapers. The roles will be portrayed by newspapermen.

Many Prizes For
Whist Tournament

SAN LEANDRO, March 31. — All preparations have been completed for the whist tournament to be given by Council No. 6, U. P. E. C. of San Leandro, at Odd Fellows hall tomorrow night. More than thirty prizes will be given. The committee in charge consists of the Mesdames J. R. Kardoza (chairman), Minnie Mello, Edna Bettencourt, Etelvina Quadros and Mary

Saslavsky to Play
At Easter Service

BERKELEY, March 31. — Alexander Saslavsky, well known violinist, will play at both Easter services at St. John's Presbyterian church tomorrow. At the evening service, his program will be augmented by a solo by Fanny Bailey Scott, for which Saslavsky will play the obligato.

Are you cross and irritable and hard to get along with? Have you considered that you may be suffering from a condition known as "Eyes"? See us about it. We can test your eyes and advise you accordingly. GOOD CLASSES have made over many a person who had suffered from these conditions for years.

Actor Is Ex-Officio Reporter

ROBERT WARWICK is presented with a press badge by CHIEF-OF-POLICE JAMES T. DREW as he arrives from New York to take part in Press Club Show.

DEATH SUMMONS
MERCED PIONEER

Giacomo Garibaldi, pioneer merchant and capitalist in Merced and Mariposa counties, died at his home in this city late yesterday. His death removes one more of those picturesque figures which had part in the history of the early state. For the past twenty years Garibaldi has resided in Oakland. He was a member of the importing firm of Granucci Levaggi and Garibaldi. He had been in ill health since November.

Garibaldi came to California in 1863 from Italy. He began his business career in this country as a merchant in Mariposa county. When the Central Pacific established the town of Merced in 1872, Garibaldi settled there. Later he entered into partnership with Andrew Olcese, which existed until the latter's death. Garibaldi was 78 years old.

A widow, Mrs. Maria Garibaldi, five daughters, three sons and a step-son survive him. They are: Mary Jane, Stella Garibaldi; Mrs. M. Duncan, of Merced; Mrs. L. E. Schulz, of Wilmington, Del.; John James and Frank Garibaldi, and Bernard Baratonio, of this city.

CHINESE SLAYER GETS LIFE.

LOS ANGELES, March 31. — Choy Den, member of a Chinese vaudeville troupe, who shot and killed Choy Yui Chan, manager of the troupe, in the dressing room of a theater here several weeks ago, yesterday pleaded guilty to a charge of first degree murder and was sentenced to life imprisonment by Superior Judge Russ Avery.

OLD RAILROAD MAN DEAD.

LOS ANGELES, March 31. — William E. Jerome, nationally known railroad man, for 35 years general passenger agent of the New York Central lines with headquarters at Chicago, from which position he recently retired, died suddenly at his home here yesterday. He is survived by a widow.

FILM ACTRESS DIVORCED.

LOS ANGELES, March 31. — Mrs. Fern G. Young, known in motion pictures as Fern G. Young, was granted a divorce yesterday from William J. Young, Vancouver, B. C. shipbuilder. Cruelty was alleged by the plaintiff.

'Girls and Gold'
Leads Magazine
Gems Tomorrow

"GIRLS AND GOLD" is the subject of the second of the "Days of '49" series in the SUNDAY TRIBUNE magazine by Harry Peterson, head of the field research work of the California State Library. "The Golden Harp," says Peterson, "may be symbolic of the acme of goodness in the hereafter, but in this mundane world experience has taught most people that while gold may represent purity... it also generally represents the most powerful lodestone to wickedness."

Other features in the SUNDAY TRIBUNE magazine are: "Silver Pass," by Phillips Kloss; "All Dressed Up in Feathers," by Jack Bell; "Pick Her By the Rainbows," "Got Your Easter Baskets?" "Last of the 'Bad Man' Clan," by Louis Allen; "Atolls of the Sun," by Frederick O'Brien; "Easter When Tut Was a Boy," by Jessie Juliet Knox; Geraldine on Ideal Husbands; "Birds of the Paradise," by Clara Fawcett; "The First Theater in California," by Helen Pittard; "What I Attraction," Know About Lovers."

FIVE KILLED
WHEN TOWER
FALLS IN TEST

HARTFORD, Conn., March 31. — Five workmen were killed and several others seriously injured today when the central tower on the new Windsor avenue factory of the Fuller Brush Company collapsed.

The weight of a 50,000-gallon water tank at the top of the tower, which had been filled for a test, was the apparent cause of the crash. The tank weighed about 150 tons.

TWO HURT WHEN
HIT BY AUTOS

Grace Gruanson, 3, was painfully injured when struck by an automobile yesterday evening while playing in front of her parents' home at 3476 Laguna avenue. The automobile was driven by E. L. May, 3450 Laguna avenue. The child was taken to the Emergency hospital by May, where she was treated for abrasions on the back and legs. She was later taken home.

Harold Whinn, 30, 3501 Telegraph avenue, was treated at the Emergency hospital last night for lacerations sustained when struck by an

Resorts in Suburbs and Cafes Yield Large Supply of Liquor.

The prohibition forces were active in Oakland and in eastern environments last night and early today, and eleven men were arrested in seven different raids, in which a huge quantity of liquors of all kinds was seized.

The Sheik Cafe at Dublin yielded the greatest assortment of wine and whiskey. The officers made a surprise descent on the place and arrested Fred Bertola and Henry Bevilacqua. They seized about 25 gallons of liquor, including whiskey, claret and port wine.

Then they went to the Orchard Inn, also at Dublin, where they arrested Hugo Gotteritz, and obtained wine to use as evidence. The next stop was Hayward, where at the Saddle Rock they arrested Frank Silva and seized, they claim, a half pint of jackass brandy.

Swinging around to San Lorenzo, they entered the Race Track Cafe, seized some jackass brandy and took into custody P. Ruchiccoli.

While all this was going on, another squad was working in Oakland. At 1923 San Pablo avenue Oscar Klatt and J. Theelen were arrested, and in the same block, at 1817 San Pablo avenue, the inspectors took into custody A. P. Chanquet and Julius Sonts.

The last place visited was 733 Broadway, where two more arrests were made. Those booked were: H. S. Hastings and Harry Wright.

Thugs Waylay, Beat
S. F. Business Man

SAN FRANCISCO, March 31. — Waylaid as he was leaving his home, 1813 Page street, today, Charles A. Franklin, cloak and suit manufacturer, was beaten into unconsciousness by two men.

Franklin was walking toward a street car when the pair approached. One of them accosting him said, "I'll teach you to employ scabs." The second man then hit him with a brick wrapped in paper. Franklin fell dazed and was taken to the Park Emergency hospital, where he revived.

automobile while waiting for a street car at Third and Grove streets. According to the hospital report, the automobile did not stop, but the conductor of the car obtained the automobile number, which was turned over to the police.

William Blakely, 21, sprained his right foot when his motorcycle collided with an automobile driven by P. S. Phillips, 1526 Sixth avenue. After being treated at the Emergency hospital he was taken to his home, 2139 Thirty-fourth street.

OSTRICHES, DEER
75 CANARIES ARE
ADDED TO ZOO

Wire Fence Cage 60 Feet Long Being Constructed For Housing Songsters.

The city of Oakland has now gone into the avian business on a large scale.

Following recent donations of assorted feathered stock to the new Oakland public zoo at Nineteenth and Alameda streets, including two ostriches now on the way from Pasadena, the city of Oakland last week received 75 tawny yellow canaries from Mrs. E. L. Harbert, of 731 Lake Shore avenue.

In order to house the canaries Superintendent Lee Kerfoot of the park department announces the completion of a wire fence cage, 60 feet long, just opposite the booby's cage at the little zoo. Various other birds will be housed in the aviary whenever donated, according to Kerfoot.

Still another new arrival at the zoo is a young deer, scheduled to appear in the zoo shortly. Kerfoot is considering a special cage to house the ostriches and deer, but says he will consult natural history experts first to ascertain the possible result, and who will win in case of a battle.

If the deer and the ostriches have inharmonious tendencies, Kerfoot will ask an appropriation to give them separate homes.

Dental Service
Program Changed

SAN LEANDRO, March 31. — The free dental service program in the local schools has been rearranged, according to announcement today by W. O. Davies, supervising principal. Dr. Paul E. Malone, who formerly was in charge of the clinic entirely, will act as supervisor henceforth, coming to this city two days a week. A second dentist will be located here each half day. Examination and most of the repair work will be made for purchase of a portable chair, to be installed in the public library auditorium. Service will be given the children after school Saturdays and during vacations.

Miss Florence Russell, president of the Eastbay Stanford Women's club, and Dr. S. R. Downing, president of the Eastbay Stanford Men's club are in charge of arrangements for the affair. Proceeds from the performance are to be directed toward the establishment of a scholarship fund of this county at Stanford. Dr. Eva Missner of Berkeley will have charge of the candy sales. Under her direction, a group of assistants, dressed in the traditional Robin Hood suits of Lincoln green, will dispense sweets between acts. Dr. Downing, in charge of the ticket sales, asks that everyone the evening of April 3 purchase

Warm Weather
Reduces Number
Of Dogs in Pound

Owing to warm weather, captures by the poundmaster have decreased 30 per cent, according to a report to City Veterinarian C. C. Wing. Poundmaster John Peters asserts that during the warm weather the canines stay off the streets and in the shade, lowering the results of the poundmaster's daily hunting trips.

Wing announces that Peters will now hunt for cows, horses, goats, calves and sheep. The poundmaster announces a "cleanup campaign" affecting the larger animals which stray into the streets and roads in the outer districts.

Owing to a lessened dog supply at the pound, says Wing, the monthly bargain sale of canines seeking homes will not be such a successful function this month. The sales last month found homes for more than a dozen canines, some of them high-class dogs.

STANFORD ALUMNI
REUNITE TUESDAY

A reunion of the Stanford University alumni of the Eastbay cities will be held Tuesday night at a theater party in the Franklin theater. Douglas Fairbanks' production of "Robin Hood" will be the main attraction, according to the announcement, but there also will be a program of Stanford stunts to be performed by graduates of that institution.

SUNRISE MEET
AT CRAGMONT FOR
EASTER SERVICE

Berkeley Churches Will Combine in Early Morning Session.

BERKELEY, March 31. — Under the auspices of the Berkeley Fellowship of Churches, this annual Easter sunrise service will be held on Cragsmont Rock beginning at 7 o'clock tomorrow morning.

Dr. E. T. Donnet, pastor of Trinity M. E. church and president of the Fellowship, will deliver the Easter message, which will be brief in nature, while Dr. Ralph Larkin of North Congregational church will have charge of the song service.

The service will include one hymn, "Christ the Lord is Risen Today." Mrs. H. B. Thorpe will announce the service by a bugle call sounded from a distant rock and will conclude the devotions with a cornet solo, "I know That My Redeemer Liveth."

Dr. L. E. Hullis, university pastor of the Presbyterian church, will read the scripture lesson and Rev. W. R. Caslin will give prayer. Arrangements have been made to provide for early street car service to Cragsmont Rock, which is reached by the Euclid avenue car.
